Annual Report Mpumalanga (South Africa). Department of Education, 2017 **Annual Performance Plan Mpumalanga** (South Africa). Department of Education, 2016 **Questions and Replies of the National Council of Provinces** South Africa. Parliament (1994-). National Council of Provinces, 1998 *A scholarly inquiry into disciplinary practices in educational institutions* Connie B. Zulu, Izak J. Oosthuizen, Charl C. Wolhuter, Corene de Wet, Rika Joubert, Ansie E. Kitching, Michael L. Marumo, Zahraa McDonald, Nicholas T. Mollo, Louis J. Oosthuizen, Ferdinand J. Potgieter, Bianke van Rooyen, Marius H. Smit, Amos T. Thebenyane, Andre van der Bijl, Johannes (Hannes) L. van der Walt, 2019-12-12 This book is a collection of chapters based on original research dealing with issues of discipline and disciplinary practices in educational institutions The aim of the book is to provide a scholarly and scientific perspective on the current state of discipline and disciplinary practices in schools and tertiary education settings The issue of discipline is investigated from diverse paradigmatic and methodological perspectives presenting empirical as well as also philosophical research The empirical perspective includes quantitative positivistic qualitative interpretive and mixed methods pragmatic designs and worldviews This book offers a ground breaking contribution to the field of learner and student discipline with insights into disciplinary practices and issues in educational institutions not hitherto researched such as Technical Vocational Education and Training colleges and universities **South Africa Yearbook**, 2009 *Report of the Annual Meeting of the South African Association for the Advancement of Science*, 1996 **Index Medicus**, 2002 Vols for 1963 include as pt 2 of the Jan issue Medical subject headings Responses of Early Childhood Teachers to Curriculum Change in South Africa Mary Gertrude Clasquin-Johnson, 2013 In 2001 White Paper 5 on Early Childhood Development announced that a year long Reception Year Grade R programme would gradually be phased in at primary schools In addition the Report on the Nationwide Audit of ECD Provisioning noted that the overwhelming majority of ECE teachers are inadequately trained Despite the teachers lack of capacity the national Department of Education introduced the official curriculum the National Curriculum Statement NCS into Grade R classes in 2004 Prior to 2004 there was no official curriculum for Grade R Instead teachers designed their own curricula The NCS by its very imposition is an example of radical curriculum change I undertook a qualitative study from Grade R teachers perspectives in order to illuminate how nine ECE teachers in Gauteng South Africa are responding to this curriculum change My findings are consistent with the four main responses discussed in the literature and on which I based my conceptual framework namely ignore resist adopt and adapt The Grade R teachers in my study viewed the NCS as developmentally inappropriate for their five year old learners Although they manifested all four responses they mainly resisted adopted or adapted curriculum change Their response could best be typified as reluctant compliance After six years of implementation ignoring it completely is no longer a realistic option In addition they either reinterpreted their traditional practices as already compliant with the NCS or they implemented formal academic activities to develop school readiness

skills The Grade R teachers in my study had one outstanding characteristic in common they are passionate about their work Overall the teachers reported that the NCS has detracted from their enjoyment of their work In most cases the Grade R teachers noted that they would pursue Foundation Phase posts because of the absence of a career path for Grade R teachers Instructional leadership should be developed to support Grade R teachers to implement the NCS appropriately Once this is in place Grade R teachers need to be convinced of how the NCS could be implemented in developmentally and culturally appropriate ways and how this could benefit their learners
