Russell Smith,2014-02-20 This is a coming of age story about a young man Carson Longworth who will come to discover he knows virtually nothing about what s happening in the world around him In high school his life consists of music dance dating and good times Set in the 1960 s early 1970 s when the Vietnam War is beginning to heat up Carson has not given a good deal of thought to anything beyond the here and now and

much less to what is happening around him Having grown up under a lucky star he just assumes that he merely needs to exist and good things will happen to him Carson wrestles with his personal demons and the general inanity of the world When he leaves high school and attempts to tackle the world at large though he finds the relative freedom outside the cocoon somewhat more than he can handle Carson's relative world of plenty and his historical insulation from the real world contributes to the perception that he is aloof In reality he just doesn't know how to relate to people He has no childhood memories of any close friendships as he found himself in a new place every few years As such his outlook on life has been shaped somewhat differently from his peers This holds particularly true for his relationships with women He simply had little idea how to relate to women in any meaningful manner until he met Kathy Wilkerson After high school Carson spent two academically forgettable but socially memorable years in college He was eventually drafted by the Army but joined the Marine Corps because he wanted to be a man an experience that shaped him indelibly His experiences in the Vietnam War helped create his antagonistic outlook He could not come to terms with the intent of the war nor the manner in which it was being conducted He found himself on the outside looking in He became contrary to most who join the Marine Corps a liberal thinker and a skeptic who became increasingly frustrated with the inconsistencies that he observed in the conduct of his fellow man He began even while participating in the War to question the intentions of his government and even those around him He became very much a loner as he simply could not understand what was happening nor could he reconcile the absurdities he witnessed While in the Marine Corps traveling from one duty station to another he spent a night in Little Rock AR He met a young woman who would remain at his side even as he tried to find himself She would come and go in his life but in the end she would be the one who would capture his heart and provide true love She had for him the essential ingredient that he had not been able to find in any person male or female his entire life They would both exert a major influence on each other's lives Carson would progress from a fanciful world of plenty to one of expected obedience then to a position of constant questioning As soon as Carson left the Marine Corps he returned to college where he became an honor student engaged in numerous causes earned his PhD then taught and wrote He took it upon himself to instill the Socratic notion of constant questioning He died a renowned author and lecturer Those around him respected his formidable intellect but were troubled by his sometimes commanding approach One who was not though was Kathy Wilkerson his future wife This supports the notion that this is as much a love story as a coming of age drama [Lemon-Aid New Cars and Trucks 2011](#) Phil Edmonston, 2010-11-11 As U S and Canadian automakers and dealers face bankruptcy and Toyota battles unprecedented quality control problems Lemon Aid guides steer the confused and anxious buyer through the economic meltdown unlike any other car and truck books on the market Phil Edmonston Canada's automotive Dr Phil for more than 40 years pulls no punches In this all new guide he says Chrysler's days are numbered with the dubious help of Fiat Electric cars and ethanol power are PR gimmicks Diesel and natural gas are the future Be wary of zombie vehicles Jaguar Land Rover Saab and Volvo
