Metal Detecting for Beginners and Beyond Tim Kerber, 2014-08-11 This was a very informative book The initial excitement we had when we purchased the detector has been re ignited Nuggiepup Amazon Reviewer This exceeded my expectations Even with 4 years of detecting experience I learned quite a few very valuable tips and resources It was a bit of a whim purchase but it was exceptional No regrets with this purchase Mark in Massachusetts You are surrounded by valuables buried all around you Estimates are there are more coins IN the ground than above the ground In addition to valuable old coins there is valuable jewelry interesting relics and so much more This book is going to help you not only get up and running as quickly as possible with a metal detector but will help make you an excellent detectorist Over 240 pages and accompanying photos will dramatically shorten the learning curve when it comes to metal detecting The tips and techniques you will have available to you will help quickly improve your success rate It starts with the basics equipment choices if you don t have a machine yet and quickly gets into specific tactics to maximize the success you will have regardless of what detector you are using It has the need to know information to help you that would normally take you years to discover on your own There is also a robust list of resources for your reference for more indepth learning if you want This is an excellent investment to make sure you are getting the most out of your time using a metal detector There will bound to be quite a few aha moments and nuggets of information shared Good luck and happy hunting **The Electrical World and Engineer**

,1904 **Electrical World** ,1904 *Street Metal Detecting* Rosie O'Kelly, 2021-05-14 This book is the kick in the pants the hobby of metal detecting desperately needs today It doesn t waste time teaching you about your detector That s not its job It s far beyond that It s a plain written straightforward guide to rewarding metal detecting I wish existed when I first began detecting years ago It s the perfect gift not only for the new metal detectorist but also the experienced metal detector who has grown bored and frustrated with the hobby This work will drill down on where and HOW you should spend your time metal detecting today Truth be told metal detecting in 2021 is so much different than that of even ten years ago The battlefields of today are barren The parks and schoolyards are well and truly hunted out And I am one of the rare few who dares to tell you this Hunt these places today and you are wasting your time There I said it Yet our hobby mopes along as if we are living back in the 50 s with loads of silver coins and jewelry there for the taking Sorry but the Leave it to Beaver world that existed then ain t the hard scrabble world of today Old school methods and approaches are outdated and don t give you any leg up much less any useable knowledge to undertake metal detecting in an exciting and profitable way today You can however be an early pioneer and open your eyes to a novel way of metal detecting one which can both help you start the hobby right or reinvigorate a hobby which has become downright boring Tired of digging clad coins chewed up pennies and cheap costume jewelry So was I Out of mad frustration one day I tried something which blew me away and gave me instant rewards Actually the results of the first hunt plain stunned me I have pursued this method of metal detecting now for

a few years refined it and finally decided to share it with others It is a truly a new frontier It offers rewards enough to make me excited every time I go out I couldn t say that five years ago What is this Street metal detecting This guide will tell you about my experiences and show you with pictures some of the incredible items I have recovered More than this it will instill in your mind the foundations of why my approach to detecting today is so amazing It also explains how you should do street detecting step by step This includes where to detect the proper method and example after example all drawn from my experiences impressing on you why this is the single best way to metal detect today By the end you will know what I tell you is grounded in reality and a philosophy As a result you will adopt it and change your metal detecting forever If I could drag you with me on one of my hunts I doubt you would ever go back to a park or schoolyard Yes I feel that strongly about what s contained in this manual Yes you will read about some of the risks but in this book I teach you how to mitigate them and even use them to your advantage Put another way this is no pie in the sky read which promises much and produces little I am not a sales rep for detector manufacturers telling you to buy the latest most expensive detector if you want to succeed In my approach even the cheapest metal detector made will when following my guidelines and suggestions yield amazing finds This hobby needs a do over and I think this book at least kick starts the process Again to me if this guidebook was available to me as a raw beginner I would have been eternally grateful As for specifics you will learn the right way to street detect as well as the perils of doing it wrong I pull no punches here but deal in plain logic and facts It is a different world street detecting and there are some risks But with any worthwhile undertaking increased risk is usually commensurate with greater rewards This is 2021 folks The world has changed but metal detecting has neither recognized nor has it adapted to the realities of the challenges facing the hobby today **Metal Detector Guide for Beginners and Dummies** Aaron Nelson Ph D,2021-02-25 Ever since the great Gold Rush of the 1800s people have been fascinated with the idea of finding hidden treasures underground In fact it has caught on so widely that metal detecting is now considered a legitimate hobby Those who practice it are known as metal detectorists Metal detection is not only practiced as a hobby In fact it has been proven to be highly useful in several other areas such as archeology forensic police investigations and even military purposes Metal Detecting for Beginners John McDillon,2020-01-23 Go on a Metal Detecting Adventure and Find Hidden Treasures Would you like to uncover secret stashes of gold or long lost historical artifacts Are you looking for a fun but potentially profitable hobby Look no further Metal detecting is exhilarating fun and can even bring you a considerable amount of money Large treasures hidden under your feet are not myths There are people making their living only from uncovering caches full of some precious metal In this book you ll find everything you need to start this journey from equipment and professional tips to a list of best treasure hunting locations This activity can also be fun and educational for your kids Take them with you and uncover historical mysteries together They ll learn about history while being physically active and spending time in the fresh air and away from their computer Here s what this book will teach you How metal detectors work and the history of their use Eight

must have metal detecting tools with uses and descriptions of each one Great places to go treasure hunting from apparent to no so obvious ones How to gear up and prepare yourself for this adventure Legal and ethical codes of metal detecting How to find objects on the beach with a list of countries whose law allows it The best metal detectors for every budget How to search for metal underwater and what equipment you d need A bunch of additional tips and tricks And much more If you re worried about the legality of this hobby don t be Metal detecting is perfectly legal However with some historical finds the law demands a certain course of action This book will reveal to you how to act and what to do in those situations Start a historical quest and put Indiana Jones to shame with your extraordinary finds Scroll up click on Buy Now with 1 Click and Get Your Copy Now
