The National Licensing Exam for Marriage & Family Therapy Lucas A. Volini, 2020 Prepares Master's and post graduate level students for the Association of Marital and Family Therapy Regulatory Board's AMFTRB Examination in Marital and Family Therapy

[The National Licensing Exam for Marriage and Family Therapy: an Independent Study Guide](#) Lucas Volini, 2015-09-17 Everything you need to know in a condensed and structured independent study guide specifically designed to prepare you in successfully passing the National Licensing Exam in Marital and Family Therapy This innovative approach to effective and efficient preparation is tailored to the new format of the National Exam which is now far more application based than knowledge based As other manuals contain up to 1 200 pages of text covering the entire field of Family Therapy in great detail this author has condensed the same information down to the bare essentials of what is needed to pass the exam This is not meant to serve as a thorough review of everything you already learned in graduate school instead it will review such knowledge in ways congruent to what the exam will measure

The philosophy of this manual was to teach you how to pass the exam as opposed to reviewing the textbook. The context contains a review of each primary theory to Marriage Family Therapy as organized by the knowledge domains stated by the Association for Marital Family Therapy Regulatory Board. To further grasp how these theories are applied to families keeping in line with the application based nature of the licensing exam, the author has provided a glossary containing narratives of each approach applied to the same family vignette. To further differentiate this manual from the other available options, Part I contains an overview of the exam test taking strategies and study techniques to ensure that your preparations are effective and efficient. It will also move beyond theory and into the other knowledge domains covered on the exam as well as provide a thorough glossary of all key terms and primary interventions labeled by the theory in which they belong. Finally, the manual includes a Practice Exam with correct answers stated along with a rationale as to why each answer was correct or incorrect.

Contents include: Part I About the Exam Test Taking Strategies Study Techniques; Part II The History of the Field of Marriage Family Therapy; Part III The Theory Practice of Marriage Family Therapy; Part IV Clinical Considerations Concepts; Part V The Practice Exam. Walk into test day feeling confident and prepared after completing this Independent Study Guide. An affordable and effective resource made by a Marriage Family Therapist for Marriage Family Therapists.

The National Licensing Exam for Marriage and Family Therapy Lucas A. Volini, 2018-09-04. This 2nd Edition expands significantly upon the already proven test prep method established in the study guide's initial publication. This updated 2nd Edition includes the following additional chapters: A thorough review of how to think systemically; a new chapter in domain 5 ethics; and domain 6 managing crisis situations. It introduces the newly developed MFT Licensing Exam's Differential Diagnosis Table for a thorough compacted review of all DSM 5 criteria; an expanded chapter on research methods and techniques as well as on multicultural practices; a 50 question practice exam. Provided by the publisher.

The Art of Sex Therapy Supervision James C. Wadley, Richard Siegel, 2018-08-06. Winner of the 2019 AASECT Professional Book Award. The Art of Sex Therapy Supervision is a collection of scholarly writings and case narratives that sheds light on issues that sex therapists face as supervisors or supervisees and provides techniques that can be adapted to fit clients' specific needs. Written by experts in a range of fields, this book covers a wide range of perspectives and methodologies for assisting diverse populations including conservative Christians, LGBTQ clients, and those who exhibit out of control sexual behavior. It addresses individual relational and systemic engagement in the context of sexual function dysfunction and it also discusses obstructions clinicians can face when providing critical feedback to clients. This book will be useful for aspiring supervisors as well as those who supervise clinicians seeking licensure or certification.
