English Victorian Poetry An Anthology:

The Broadview Anthology of Victorian Poetry and Poetic Theory Thomas J. Collins, Vivienne J. Rundle, 1999-08-17

The Broadview Anthology of Victorian Poetry and Poetic Theory is the most comprehensive collection of poetry from the period ever published. Included are generous selections from the work of all major poets and a representation of the work of virtually every poet of significance from Thomas Ashe at the beginning of the era to Charlotte Mew at its end. The work of Victorian women poets features very prominently with extensive selections not only from canonical poets such as Elizabeth Barrett Browning and Christina Rossetti but also from poets such as Augusta Webster for which high claims have recently been made by critics. The anthology reflects and will contribute to the ongoing reassessment of the canon that is central to English Studies today. In all, sixty-six poets are represented. The editors have included complete works wherever feasible, including the complete texts of Tennyson's *In Memoriam* and of a number of other long poems. A headnote by the editors introduces the work of each poet, and each selection has been newly annotated. The inclusion of twenty-five selections of the poetic theory from the period is an important feature rounding out the anthology. This anthology is also available in a concise edition.

English Victorian Poetry Paul Negri, 2012-03-02 Over 170 beloved poems by the major poets of the 19th century including works by Tennyson, Browning, Arnold, Rossetti, Meredith, Swinburne, Hopkins, Kipling, and others. An introduction and biographical notes on the poets are included.

Presents several long poems in their entirety such as Arnold's *Empedocles on Etna*, Clough's *Amours de Voyage*, Meredith's *Modern Love*, and Tennyson's *In Memoriam*. AHH Each poet is introduced by a biographical headnote. Each poem is introduced by a headnote giving publication details, biographical facts, contextual material, and other information. The poems themselves are all fully annotated. Extensive introductory material enables readers to read across the volume chronologically, thematically, or by individual author. Features twelve black and white illustrations of images referred to in or relevant to the poetry.

Victorian Poetry: An Anthology Erik Gray, Veronica Alfano, 2025-04-23 The first new anthology of its kind in twenty years, *Victorian Poetry* provides generous selections of poetry both by well-known Victorian poets (Alfred Tennyson, Robert Browning, Christina Rossetti) and by writers who have received less critical attention (Constance Naden, Toru Dutt, Grace Aguilar). Detailed annotations, substantial biographies, and an introduction outlining major literary and historical trends of the Victorian period ensure that the anthology will be useful both for specialists and for students encountering these poems for the first time. A companion website features additional poetry selections, critical prose, and four appendices that group together poems related by genre, geography, or subject.
