Holdem Manager Quick Start Guide

Stephen Denny

Holdem Manager Quick Start Guide:

Killing Giants Stephen Denny, 2011-03-31 Everyone thought Eric Ryan and Adam Lowry were crazy to start Method a new cleaning products company. The category had long been dominated by P G Unilever and Colgate Palmolive. Those giants had so much clout with the retail chains that their soaps had barely needed updating for decades. But by taking advantage of its underdog position, Method carved out a very profitable niche: environmentally sound products in stylish, innovative packaging. Despite having a far smaller marketing budget than their competitors, Method connected with a substantial minority of people who wanted to buy green but who also wanted high quality products. Marketing expert Stephen Denny argues that like Method, any brand can directly challenge the giant of its category and not only survive but thrive. While it's inconvenient to be the little guy, it can also be a blessing in disguise. Giant killers can afford to shake things up and take bold steps. They can be faster and nimbler than giants who are too slow and hidebound to make the painful but necessary changes to stay competitive. By the time they notice that slingshot, they're already keeling over. During his two decades in the trenches, Denny has taken on quite a few giants. And he has interviewed more than seventy other giant killers across industries, from software to cosmetics to aviation, for their most powerful techniques. Our need to work smarter with fewer resources isn't dependent on the state of the economy or on any sense of stability you think you have in your industry. Denny's ten powerful strategies will help you overcome stale business thinking and bureaucracy. They include: Win in the last three feet; Leverage someone else's investment; just be there the moment the customer grabs their wallet; Create thin ice arguments; Shift the conversation to places where the competition can't or won't go; Fight unfairly; Learn how the underdog can turn the tables. From the hypercompetitive world of social media to high stakes business to business sales to the trenches of retail, **Killing Giants** is *The Art of War* for a new era. It proves that size does matter: the size of the fight in the dog. **The Intelligent Guide to Texas Hold'em Poker** Sam Braids, 2010 This concise, comprehensive guide on Texas Hold'em Poker is packed with tips and information that players need to know. For beginners, it explains the rules of Texas Hold'em, basic strategy, and how to play in a cardroom. More advanced players benefit from statistical charts, vignettes from actual poker games, and detailed information on how the social and psychological aspects of the game determine strategy. Readers also learn the unique view that an expert chess player brings to analyzing poker, as author Sam Braids compares and contrasts the two games. As a special bonus, the book includes an analysis of online poker instructions on how to use a computer to play Internet poker and explains the strategic adjustments necessary to succeed online. **The Software Encyclopedia**, 1997 **Sydney Omarr's Day-By-Day Astrological Guide for the Year 2010: Aries** Trish MacGregor, Carol Tonsing, 2009-06-02 More information to be announced soon on this forthcoming title from Penguin USA. **Sydney Omarr's Day-By-Day Astrological Guide for the Year 2010: Taurus** Trish MacGregor, Carol Tonsing, 2009-06-02 More information to be announced soon on this forthcoming title from Penguin USA. *Sydney Omarr's Day-By-Day Astrological Guide for the Year 2009: Leo* Trish
