Submission guidelines for authors and editors

For the benefit of production efficiency and the production of texts of the highest quality and consistency, we urge you to follow the enclosed submission guidelines.

Manuscripts should be in either British or American English consistently throughout; if you are not a native speaker of English it is advisable to have your text checked by a native speaker before submission.

When submitting the final manuscript, please make sure that you provide all of the following elements, as we cannot enter your book into the production process until we have received these:

1. final version of the file(s);
2. identical hard copy or a PDF file with embedded fonts, showing all special characters as they should be;
3. the completed marketing questionnaire;

and for collective volumes also:

4. a complete set of signed copyright assignment forms;
5. the table of contents of the volume, showing the order of the articles;
6. an electronic file with a list of all contributors' addresses (both postal mail and e-mail)

Hard copy and electronic files

Hard copy: Please provide hard copy or a PDF file with embedded fonts. During the production process the hard copy or PDF are referenced by the typesetter and is of great help to solve problems in the files, such as conversion errors, distorted tables, lost graphs, etc.

Electronic files: Please make sure that you supply *all* text and graphic files of the *final* version of the manuscript. Please delete any personal comments so that these cannot mistakenly be typeset, and check that all files are readable.

File naming conventions: When naming your file please use a clear and consistent file naming convention. We suggest the following: use the first three characters of your own surname; if your name is Johnson, the files should be named JOH.DOC, if further divided into chapters JOH1.DOC, JOH2.DOC. Figures can be named as follows JOH1.EPS, JOH2.EPS, etc. Please write the file names on the corresponding hard copy. This naming convention is particularly important when submitting for collective volumes.

Software: Files in Word are preferred, but our typesetters can convert almost anything. If, for some reason, a different format is required than supplied, we will contact you.

Graphic files: Any graphics created in Word (or Excel) can remain in the text and do not require special action. Graphics that have been created in another program, such as special purpose graphics software, and any other illustrations should be supplied separately. Please make sure that these have a minimum resolution of 300 dpi when resized to the book page. Also see the instructions in the section "Tables, figures and plates" below.
