Her Own Rulesdangerous To Know:

Her Own Rules/Dangerous to Know Barbara Taylor Bradford,2007-01-30 One of the world s most beloved and successful novelists the incomparable Barbara Taylor Bradford has the golden touch creating powerful stories of love and deception crisis and triumph that resonate with real emotion and remarkable characters that live in the heart and memory for months after the final page has been turned Now two of her strongest New York Times bestselling masterworks have been combined in one volume to be savored anew or for the very first time by fans young and old Successful businesswoman Meredith Stratton has always played by Her Own Rules and won But when she s struck by a mysterious illness she fears the roots of her ailment are buried somewhere in her forgotten past And with the help of a caring psychiatrist she must uncover them while peeling back the layers of her most carefully designed creation herself Who would want to kill Sebastian Locke charismatic millionaire and universally admired philanthropist Journalist Vivienne Trent is determined to find out following a twisted trail of secrets to the startling truth about the death and the life of her enigmatic ex husband a man who was easy to love but Dangerous to Know

How Do We Know? Applying Theories and Methods for Anthropology Cyril Belshaw,2011 Cyril Belshaw likes to explore outside the box He has been called the anthropologist of anthropology He has been told You are not really an anthropologist Whether or not such statements are accurate he does like to find new paths so that often his contributions appear away from the main roads of publication Thus in the hopes of stimulating discussion perhaps new applications and debate amongst graduate students and colleagues alike he has brought some of them together here He is now approaching his nineties so that some of his ideas date back as far as the forties while some follow is retirement The ethnographic base for his theoretical constructs and explanations is derived from the Pacific Islands Canadian society Switzerland and widespread travels influenced by the belief that a major objective of anthropology is to use explanation to improve the world *Van Nostrand's Engineering Magazine* ,1884

Convergence Tessa Cox,2025-08-21 SOPHIE You don t have to love the things you can do but you do have to honor them When Zach said those words to me I fought hard against their truth I fought against my abilities the looming

shadow of my biological father and the destruction he wrought vowing that I would never be like him As usual though Zach understood my feelings in a way that had little to do with his supernatural ability to read emotion and more to do with our connection and with his help I no longer fear the power that lives inside me We certainly have our own flaws but together all our jagged pieces just make sense I am his moment of clarity amid the barrage of emotion that consumes him and I will never jeopardize our relationship again by letting my fear control me and if that means that it s finally time to confront my father then I ll be ready My past was my past but Zach is my future ZACH You are my calm in the storm I never imagined that I could be someone s calm I never pictured a future where the guy who couldn t stay out of trouble now spends every day concerned about the well being and happiness of another but that s my new reality and I embrace it freely In fact I consider it my privilege to be the one person Sophie needs above all others when she feels overwhelmed by her past her present or the incredible power she possesses I ll always challenge her to see the potential for good in that power but I ll never let it define her To me she is so much more and after nearly losing her I never want to feel that pain again I ll do whatever it takes to keep her safe and put an end to it all and since I ve never been one to shy away from a fight they better be ready Because Sophie and I deserve our happy ending
