How Do Invisible Fences Work

Steven Monte

How Do Invisible Fences Work:

Invisible Fences Steven Monte, 2000-01-01 For all its recent popularity among poets and critics prose poetry continues to raise more questions than it answers How have prose poems been identified as such and why have similar works been excluded from the genre What happens when we read a work as a prose poem How have prose genres such as the novel affected prose poetry and modern poetry in general In *Invisible Fences* Steven Monte places prose poetry in historical and theoretical perspective by comparing its development in the French and American literary traditions In spite of its apparent formal freedom prose poetry is constrained by specific historical circumstances and is constantly engaged in border disputes with neighboring prose and poetic genres Monte illuminates these constraints through an examination of works that have influenced the development of the prose poem as well as through a discussion of genre theory and detailed readings of poems ranging from Charles Baudelaire's *La Solitude* to John Ashbery's *The System* Monte explores the ways in which literary historical narratives affect interpretation why for example prose poetry tends to be seen as a revolutionary genre and how this perspective influences readings of individual works The American poets he discusses include Ralph Waldo Emerson William Carlos Williams T S Eliot Gertrude Stein and Ashbery the French poets range from Baudelaire Arthur Rimbaud and Stephane Mallarmé to Max Jacob In exploring prose poetry as a genre *Invisible Fences* offers new perspectives not only on modern poetry but also on genre itself challenging current theories of genre with a test case that asks for yet eludes definition

What About Labrador Retrievers? Karla Rugh, DVM, PhD, 2007-08-27 Are Labrador Retrievers generally healthy dogs How much does it cost to keep a Lab Can I keep my Lab inside or do I need a yard That little Labrador Retriever puppy is so adorable but is he the right dog for you Many prospective dog owners don't ask the questions they should when deciding to bring a new puppy home Now the What About series is here to help you understand the real life implications of your decision saving you time money and potential heartache and protecting you and the dog from the consequences of an inappropriate choice Drawing upon the expertise of Labrador Retriever breeders owners rescue organizations veterinarians and trainers *What About Labrador Retrievers* provides honest reliable advice on what it's really like to own and raise a Lab no punches pulled In a friendly easy to follow Q A format veterinarian Karla Rugh offers solid proven guidance on everything you need to know about raising a Lab including Breed characteristics Behavior Costs of ownership Development in all life stages Diet Exercise requirements Genetics and why it's important Health and general care Temperament Training requirements Working with behaviorists trainers and veterinarians And more Don't be taken by surprise Get the answers you need now before you get that Labrador Retriever puppy and make a smart informed decision *Invisible Fences* Lou Ellen
