Eye on the Bayou New Orleans Academy of Ophthalmology. Session,2006 **The Splintering of the American Mind** William Egginton,2018-08-28 A timely provocative necessary look at how identity politics has come to dominate college campuses and higher education in America at the expense of a more essential commitment to equality Thirty years after the culture wars identity politics is now the norm on college campuses and it hasn t been an unalloyed good for our education system or the country Though the civil rights movement feminism and gay pride led to profoundly positive social changes William Egginton argues that our culture s increasingly narrow focus on individual rights puts us in a dangerous place The goal of our education system and particularly the liberal arts was originally to strengthen community but the exclusive focus on individualism has led to a new kind of intolerance degrades our civic discourse and fatally distracts progressive politics from its commitment to equality Egginton argues that our colleges and universities have become exclusive expensive clubs for the cultural and economic elite instead of a national publicly funded project for the betterment of the country Only a return to the goals of community and the egalitarian values underlying a liberal arts education can head off the further fracturing of the body politic and the splintering of the American mind With lively on the ground reporting and trenchant analysis **The Splintering of the American Mind** is a powerful book that is guaranteed to be controversial within academia and beyond At this critical juncture the book challenges higher education and every American to reengage with our history and its contexts and to imagine our nation in new and more inclusive ways **Popular Mechanics** ,1997-02 Popular Mechanics inspires instructs and influences readers to help them master the modern world Whether it s practical DIY home improvement tips gadgets and digital technology information on the newest cars or the latest breakthroughs in science PM is the ultimate guide to our high tech lifestyle **Worldwide Ship and Boat Repair Facilities** James Laurence Pelletier,1997
