frames and bases in tensor product of hilbert spaces arxiv org - May 02 2023

web since tensor product is use ful in approximation theory n this article we consider the frames in tensor product of hilbert spaces and extend some of the known results about bases to frames let h be a separable complex hilbert space as usual we denote the set of all bounded linear operators on h by $B(h)$

tensor product dual frames journal of inequalities and - Jun 03 2023

web mar 27 2019 abstract to construct dual frames with good structure for a given frame is a fundamental problem in the theory of frames the tensor product duals of tensor product frames can provide a rank one decomposition of bounded antilinear operators between two hilbert spaces this paper addresses tensor product dual frames

the tensor product of frames [springerlink](#) - Sep 06 2023

web jan 1 2008 abstract in this paper we prove that the tensor product of two sequences is a frame riesz basis if and only if each part of this product is a frame riesz basis using this result we extend some density and sampling theorems to higher dimensions
