The Family Matter Ralph D. Curtin, 2019-10-15 They look like the perfect family But a secret from her past is tearing them apart Randy a pastor who is passionate about encouraging his congregation to strive for greater godly commitment in their lives always has ideas about the next ministry Now he's convinced that their church should kick off a community project to assist the homeless in South Florida Laurie pastor's wife mom of two teenagers and a late in life college student is doing her best to juggle all of her formidable tasks and looking forward to completing her degree in the next year so she can spend more time with her family But this latest big idea of her husband's is about to push her over the edge especially since she has such an aversion to Stephanie the homeless woman and all her homeless friends Neither Randy nor Laurie have any idea that Stephanie has been sent not only to touch the hearts of those in his church but to save his own family from destruction

Cracked Coverage Jimmie Lynn Reeves, Richard Campbell, 1994 Carefully documenting the deceptions and excesses of television news coverage of the so called cocaine epidemic *Cracked Coverage* stands as a bold indictment of the backlash politics of the Reagan coalition and its implicit racism the mercenary outlook of the drug control establishment and the enterprising reporting of crusading journalism Blending theoretical and empirical analyses Jimmie L. Reeves and Richard Campbell explore how TV news not only interprets reality in ways that reflect prevailing ideologies but is in many respects responsible for constructing that reality Their examination of the complexity of television and its role in American social cultural and political conflict is focused specifically on the ways in which American television during the Reagan years helped stage and legitimate the war on drugs one of the great moral panics of the postwar era The authors persuasively argue for example that powder cocaine in the early Reagan years was understood and treated very differently on television and by the state than was crack cocaine which was discovered by the news media in late 1985 In their critical

analysis of 270 news stories broadcast between 1981 and 1988 Reeves and Campbell demonstrate a disturbing disparity between the earlier presentation of the middle and upper class white drug offender for whom therapeutic recovery was an available option and the subsequent news treatment of the inner city black drug delinquent often described as beyond rehabilitation and subject only to intensified strategies of law and order Enlivened by provocative discussions of Nancy Reagan s antidrug activism the dramatic death of basketball star Len Bias and the myth of the crack baby the book argues that Reagan s war on drugs was at heart a political spectacle that advanced the reactionary agenda of the New and Religious Right an agenda that dismissed social problems grounded in economic devastation as individual moral problems that could simply be remedied by just saying no Wide ranging and authoritative Cracked Coverage Television News the Anti Cocaine Crusade and the Reagan Legacy is a truly interdisciplinary work that will attract readers across the humanities and social sciences in addition to students scholars journalists and policy makers interested in the media and drug related issues

MADONNA: Unstoppable! (Revised & Enlarged Edition) Pradeep Thakur, 2010-09-13 **Focus On: 100 Most Popular 21st-century English Actresses** Wikipedia contributors, *Love and War* Tom Digby, 2014-10-28 Ideas of masculinity and femininity become sharply defined in war reliant societies resulting in a presumed enmity between men and women This so called battle of the sexes is intensified by the use of misogyny to encourage men and boys to conform to the demands of masculinity These are among Tom Digby's fascinating insights shared in Love and War which describes the making and

manipulation of gender in militaristic societies and the sweeping consequences for men and women in their personal romantic sexual and professional lives Drawing on cross cultural comparisons and examples from popular media including sports culture the rise of gonzo and bangbus pornography and internet trolls Digby describes how the hatred of women and the suppression of empathy are used to define masculinity thereby undermining relations between women and men sometimes even to the extent of violence Employing diverse philosophical methodologies he identifies the cultural elements that contribute to heterosexual antagonism such as an enduring faith in male force to solve problems the glorification of violent men who suppress caring emotions the devaluation of men s physical and emotional lives an imaginary gender binary male privilege premised on the subordination of women and the use of misogyny to encourage masculine behavior Digby tracks the collateral damage of this disabling misogyny in the lives of both men and women but ends on a hopeful note He ultimately finds the link between war and gender to be dissolving in many societies war is becoming slowly de gendered and gender is becoming slowly de militarized
