management and control Fraud risks The Wiley CIA Exam Review 2021 Part 1 Essentials of Internal Auditing is a perfect resource for candidates preparing for the CIA exam It provides an accessible and efficient learning experience for students regardless of their current level of proficiency Fundamental Considerations in Technology Mediated Language Assessment Karim Sadeghi, Dan Douglas, 2023-04-27 Fundamental Considerations in Technology Mediated Language Assessment aims to address issues such as how the forced integration of technology into second language assessment has shaped our understanding of key traditional concepts like validity reliability washback authenticity ethics fairness test security and more Although computer assisted language testing has been around for more than two decades in the context of high stakes proficiency testing much of language testing worldwide has shifted to at home mode and relies heavily on the mediation of digital technology making its widespread application in classroom settings in response to the COVID 19 outbreak unprecedented Integration of technology into language assessment has brought with it countless affordances and at the same time challenges both theoretically and practically One major theoretical consideration requiring attention is the way technology has contributed to a reconceptualization of major assessment concepts constructs There is very limited literature available on the theoretical underpinnings of technology mediated language assessment This book aims to fill this gap This book will appeal to academic specialists practitioners or professionals in the field of language assessment advanced and or graduate students and a range of scholars or professionals in disciplines like educational technology applied linguistics and teaching English to speakers of other languages TESOL *Training Diplomats. Change and Communication* Dimitrios Kamsaris, 2022-12-09 Document from the year 2014 in the subject Business economics Business Management Corporate Governance Euro Business College Bielefeld language English abstract At the present diverse days globalization technological revolution economic changes and competition create pressure on all organizations both in private and public sector requesting them to adapt quickly to a new changing environment Since 1990s we observe an increased interest in culture of international relations In a rapidly changing diplomatic environment countries and organizations are facing numerous challenges leading to reformation The main question is whether diplomats are ready and willing to accept or resist to this change Resistance to change reconciles attitudes performed by change recipients in order to delay or discontinue organizational change The intention of this book is to explore the diplomats resistance to organizational and environmental changes in the Diplomatic Corps by examining the resistance reasons and the consequences on the decision making process related to the change The findings will contribute to better understanding of diplomat s reactions towards changes and may be used to promote an essential dialogue in order to overcome resistance Globalization requires governments to operate in a context different from before which is to integrate other participants of diplomacy in its own decision making processes Governments have been focusing on new strategies such as involving ministries and non state actors and institutions providing greater transparency and acting collectively as often as possible Undeniably training stands at the top of

organizational priorities Many organizations believe that to survive in this increasingly demanding world they must effectively and efficiently utilize their most valuable asset their diplomats skills Thus a good training program is crucial to their success The training literature underlines the organizational and individual benefits to be gained from adopting a systematic approach to training while the human resource development trend is to guarantee through continuous development strategies a continuous improvement culture Training is an issue which its significance is well recognized by the management the trade unions and the governments The growing interest in training arises by the belief that the skill level of the workforce can importantly impact performance and competitiveness and that developing management and workforce competence is essential for organizational success
