Retired U S Navy admiral James Stavridis 16th Supreme Allied Commander of NATO and author of *To Risk it All Nine Crises and the Crucible of Decision* An essential account of the struggle against ISIS and of how Presidents Obama Trump and Biden have waged war In the summer of 2014 President Barack Obama faced an unwelcome surprise insurgents from the Islamic State had seized the Iraqi city of Mosul and proclaimed a new caliphate which they were ruling with an iron fist and using to launch terrorist attacks abroad After considerable deliberation President Obama sent American troops back to Iraq The new mission was to degrade and ultimately destroy ISIS primarily by advising Iraqi and Syrian partners who would do the bulk of the fighting and by supporting them with airpower and artillery More than four years later the caliphate had been dismantled the cities of Mosul and Raqqa lay in ruins and several thousand U S troops remained to prevent ISIS from making a comeback The by with and through strategy was hailed as a template for future campaigns But how was the war actually fought What were the key decisions successes and failures And what was learned In *Degrade and Destroy* the bestselling author and Wall Street Journal national security correspondent Michael R Gordon reveals the strategy debates diplomatic gambits and military operations that shaped the struggle against the Islamic State With extraordinary access to top U S officials and military commanders and to the forces on the battlefield Gordon offers a riveting narrative that ferrets out some of the war s most guarded secrets *Degrade and Destroy* takes us inside National Security Council meetings at which Obama and his top aides grapple with early setbacks and discuss whether the war can be won It also offers the most detailed account to date of how President Donald Trump waged war delegating greater authority to the Pentagon but jeopardizing the outcome with a rush for the exit Drawing on his reporting in Iraq and Syria Gordon documents the closed door deliberations of U S generals with their Iraqi and Syrian counterparts and describes some of the toughest urban battles since World War II As Americans debate the future of using force abroad Gordon s book offers vital insights into how our wars today are fought against militant foes and the enduring lessons we can draw from them *Do This for Love* David Eubank, Hosannah Valentine, 2020-07-28 As coalition forces led by brave Iraqi soldiers on the ground slowly pushed ISIS out the brutality of the terrorists was turned against thousands of civilians as they fled the fighting There was no humanitarian template for responding to such ruthlessness to attempt to help would take total commitment Birthed in the war zones of Burma to stand with villagers under attack by the Burma Army and provide medical care relief and reporting the Free Burma Rangers came to Mosul with twenty years of war zone experience in the jungle Led by their founder David Eubank a former Ranger and U S Special Forces officer medics and cameramen from the teams in Burma other foreign volunteers and Dave s wife and three children came to fill the gap between the frontlines and the humanitarian community They came living by the conviction that every person counts and the only force that can defeat hate is love Four team members were wounded and one killed as they lived out that conviction with total commitment This is their story *Worldwide Threats to the Homeland* United States. Congress. House. Committee on Homeland Security, 2015 **The United States' Defend Forward Cyber Strategy** Jack

Goldsmith,2022 In the 2010s America s adversaries conducted numerous damaging cyber operations inside the United States the Office of Personnel Management breach attacks on banks persistent intellectual property theft by China and the Russian intervention in the 2016 election The US possessor of the world s most powerful cyber arsenal responded in 2018 by unveiling a new Defend Forward strategy It is a large step in the direction of more aggressive action in cyberspace albeit for defensive ends The US has not attempted to hide this shift To the contrary it has telegraphed the change But the telegraphing has taken place at a highly abstract level Very little is known about precisely what types of operations Defend Forward entails While the US government has asserted that Defend Forward is consistent with domestic and international law it has not explained how the new strategy overcomes the perceived legal constraints that previously tempered US responses to cyber intrusions and threats This volume edited by Jack Goldsmith and featuring a cast of leading scholars in the field provides an authoritative overview of the origins and operation of Defend Forward and a comprehensive assessment of its legality For anyone interested in the future of great power conflict and the cyber strategies that the US is deploying against its adversaries The United States Defend Forward Cyber Strategy is an essential read **Watchdogs** Glenn A. Fine,2024-08-27 The last line of defense for our institutions and our democracy Inspectors general may be the most important public servants you ve never heard of In Watchdogs Glenn Fine who served as the inspector general of the Department of Justice from 2000 to 2011 and the acting inspector general of the Department of Defense from 2016 to 2020 explains why all Americans should be familiar with this critical pillar of our democracy Drawing on his own experiences in numerous high profile investigations over two decades from 9 11 to the wars in Iraq and Afghanistan Fine provides a fascinating insider s view of government at the highest levels illuminating how federal officials spend our tax dollars and how inspector general oversight seeks to make government more honest and accountable Full of revealing stories from the FBI s handling of evidence in the Timothy McVeigh trial to the treatment of post 9 11 detainees to investigating the US Navy s most infamous corruption scandal Watchdogs illustrates the mission of inspectors general in improving government operations deterring wasteful spending and curtailing corruption and the ways they work every day in America s unique system of oversight *Handbook of Terrorist and Insurgent Groups* Scott N. Romaniuk,Animesh Roul,Pamela Fabe,János Besenyő,2024-10-24 Handbook of Terrorist and Insurgent Groups A Global Survey of Threats Tactics and Characteristics examines the most current and significant terrorist and insurgent groups around the world The purpose is to create a descriptive mosaic of what is a pointedly global security challenge The volume brings together conceptual approaches to terrorism insurgency and cyberterrorism with substantive and empirical analyses of individual groups organisations and networks By doing so not only does the coverage highlight the past present and future orientations of the most prominent groups but it also examines and illustrates their key characteristics and how they operate including key leaders and ideologues Highlighting specific individual groups the chapters collectively present a robust and comprehensive outlook on

the current geography of terrorism and insurgency groups operating in the world today This comprehensive volume brings the collective expertise and knowledge of more than 50 academics intelligence and security officials and professionals together all of whom are considered subject experts in their respective areas of research and practice The volume is based on both desk based and fieldwork conducted by experts in these areas incorporating analyses of secondary literature but also the use of primary data including first hand interviews on the various groups regions of operation their tactics and how their ideologies motivate their actions
