Complex Networks Ronaldo Menezes,Alexandre Evsukoff,Marta C. González,2012-07-27 In the last decade we have seen the emergence of a new inter disciplinary field concentrating on the understanding large networks which are dynamic large open and have a structure that borders order and randomness The field of Complex Networks has helped us better understand many complex phenomena such as spread of disease protein interaction social relationships to name but a few The field of Complex Networks has received a major boost caused by the widespread availability of huge network data resources in the last years One of the most surprising findings is that real networks behave very distinct from traditional assumptions of network theory Traditionally real networks were supposed to have a majority of nodes of about the same number of connections around an average This is typically modeled by random graphs But modern network research could show that the majority of nodes of real networks is very low connected and by contrast there exists some nodes of very extreme connectivity hubs The current theories coupled with the availability of data makes the field of Complex Networks sometimes called Network Sciences one of the most promising interdisciplinary disciplines of today This sample of works in this book gives as a taste of what is in the horizon such controlling the dynamics of a network and in the network using social interactions to improve urban planning ranking in music and the understanding knowledge transfer in influence networks

Speaking Out in Vietnam Benedict J. Tria Kerkvliet,2019-06-15 Since 1990 public political criticism has evolved into a prominent feature of Vietnam s political landscape So argues Benedict Kerkvliet in his analysis of Communist Party ruled Vietnam Speaking Out in Vietnam assesses the rise and diversity of these public displays of disagreement showing that it has morphed from family whispers to large scale use of electronic media In discussing how such criticism has become widespread over the last three decades Kerkvliet focuses on four clusters of critics factory workers demanding better wages and living standards villagers demonstrating and petitioning against corruption and land confiscations citizens opposing China s encroachment into Vietnam and criticizing China Vietnam relations and dissidents objecting to the party state regime and pressing for democratization He finds that public political criticism ranges from lambasting corrupt authorities to condemning repression of bloggers to protesting about working conditions Speaking Out in Vietnam shows that although we may think that the party state represses public criticism in fact Vietnamese authorities often tolerate and respond positively to such public and open protests
