Licensed exclusively to KMI

## Step 1 of 12

In this lesson, you will learn about an accounting Journal. While T-accounts are great for understanding when to debit or credit accounts, recording all of our business transactions on them would get needlessly messy.

A journal lists all of our transactions ordered by date. Most recent transactions are at the bottom.

For each transaction, both the debit and credit accounts and amounts are recorded. Our journal is a General Journal where all transactions are recorded in just two amount columns.

## **Knowledge Matters Cheats:**

**The Film Cheat** Murray Pomerance, 2020-10-15 Murray Pomerance, a venerable film scholar, is the first to take on the cheat in film where cheating constitutes a collection of production performance and structuring maneuvers intended to foster the impression of a screen reality that does not exist as presented. This usually calls for a suspension of disbelief in the viewer but that rests on the assumption that disbelief is problematic for viewership and that we must find some way to suspend or disconnect it in order to allow for the entertainment of the fiction in its own terms. *The Film Cheat* explores forty-five aspects of the cheat, analyzing classic films such as *Singin' in the Rain* and *Chinatown* to more contemporary films like *The Revenant* and *Baby Driver* with Pomerance engaging his encyclopedic knowledge of film history to point out numerous instances of suspensions of disbelief. Whether or not Gene Kelly is actually dancing in the rain or if Elliott is really flying on his bicycle carrying E.T., these cheats are what make movie magic. Elegantly weaving the narrative for one to dip into at random or to read from cover to cover, Pomerance turns things upside down so that the audience actually finds pleasure in the cheat itself: pleasure in the disbelief. To see the elegant fake, the supremely accomplished simulacrum, is a pleasure in its own right; indeed, one of the fundamental pleasures of cinema.
