Math Terminology

Number 8, Type 8-01:

Natural all _____ also called positive integers or counting numbers, they are the numbers 1, 2, 3, 4, 5, ...

Whole Number _____ 0 or any positive number without a fractional or decimal part; all natural numbers are whole (the integer) _____ 0 or any positive or negative number without a fractional or decimal part; all whole numbers are integers.

Rational Number _____ a number that can be written as a ratio; means $\frac{a}{b}$ can be written as a fraction in which both the numerator (the top number) and the denominator (the bottom number) are whole numbers, $b \neq 0$. The denominator cannot be 0, but the numerator can be. Example: The number 6 is a rational number because it can be written as the fraction $\frac{6}{1}$.

All integers are rational numbers.

Irrational Number _____ a number that cannot be expressed as a ratio between two integers. It neither is decimal notation, an irrational number would have an infinite number of digits to the right of the decimal point, without repeating. The value of π (3.1415...) and the square root of 2 ($\sqrt{2}$) are examples of irrational numbers.

Real Number _____ (also called measuring numbers); any rational or irrational number; each of the infinite number of points on the real number line represents a real number. This includes all numbers that can be written as a decimal and fractions is also in decimal form.

GED Study Guide 2015 Ged Study Guide 2015 Team, 2014-05-11 Think all GED study guides are the same Think again When it comes to the GED you want to be prepared While there is no official passing or failing with the GED you don't want to waste time and money having to study all over again because your score was too low to be accepted by your school of choice You want to accelerate your education not miss opportunities for starting your future career Every year thousands of people think that they are ready for the GED but realize too late when they get their score back that they were not ready at all They weren't incapable and they certainly did their best but they simply weren't studying the right way There are a variety of methods to prepare for the GED and they get a variety of results

Trivium Test Prep's Secrets to Outsmart the GED provides the information, secrets, and confidence needed to get you the score you need the first time around. Losing points on the GED exam can cost you precious time, money, and effort that you shouldn't have to spend. What is in the book? In our GED study guide, you get the most comprehensive review of all tested concepts. The subjects are easy to understand and have fully explained example questions to ensure that you master the material. Best of all, we show you how this information will be applied on the real exam. GED practice questions are included so that you can know without a doubt that you are prepared. Our study guide is streamlined and concept-driven, not filled with excess junk, silly attempts at humor, or confusing filler, so you get better results through more effective study time. Why spend days or even weeks reading through meaningless junk, trying to sort out the helpful information from the fluff? We give you everything you need to know in a concise, comprehensive, and effective package. Why trust Trivium Test Prep? Our GED study materials are created by industry and educational experts. Other study guides simply tell you what is on the test, not how that material is applied or, more importantly, how to study for it. Trivium study guides are different. Our dedicated professionals know how people think and learn and have created the GED study guide based on what research has shown to be the fastest, easiest, and most effective way to prepare for the exam. Unlike other study guides that are stamped out in a generic fashion, our GED study guide is specifically tailored for your exact needs.
