spectator in life The author wants the reader to study closely the people who were and still are successful and happy so that the reader will realize the faith exercised by these people the failures they endured and the complexity of the process they went through to have acquired their accomplishments You do not have to have the tangible possessions to know that you are wealthy but if you feel and conduct yourself in the manner in which other successful and happy people conduct themselves it will feel as if you do not even need the tangible things because of your dominant state of your mental attitude towards success and happiness Be afraid of giving up whenever faced with an impossible challenge perhaps as far as your mental attitude is concerned God is helping you He is with you He is guiding you and He will see you through Dont be envious and jealous rather admire people who are successful and happy in life Life is a blessing
