Evolutionary Extinction Dr. Mark Benedict, 2022-11-03 Evolution specifically neo Darwinian evolution is widely accepted as fact without any critical consideration It seems to have gone beyond a theory by its supporters and as a result the lay public is constantly being fed a heavy diet of Darwinian nonsense A quick look at this subject would lead any person with an inquisitive mind to realize that evolution is a moving target with abounding theories that do not always coincide with reality This book seeks to pick away at the mortar which is holding the dilapidated structure that is neo Darwinian evolution

together In addition to providing cited peer reviewed scientific evidence to evolution s own inevitable extinction the writer provides concrete biologic examples of design through a physician s intricate knowledge of the human body There is no need to cling to a sinking evolutionary ship when a replacement with more abundant explanatory power is waiting in the wings Intelligent design theory fits the observable evidence with a greater degree of precision than any neo Darwinian evolutionary construct At the conclusion of this book your mind will no doubt be changed as the evidence for design is incontrovertible
