IMPERIAL RECKONING

THE UNTOLD STORY OF
BRITAIN'S GULAG IN KENYA

CAROLINE ELKINS

Imperial Reckoning The Untold Story Of Britains Gulag In Kenya

Sally H. Jacobs

Imperial Reckoning The Untold Story Of Britains Gulag In Kenya:

Imperial Reckoning Caroline Elkins, 2010-04-01 A major work of history that for the first time reveals the violence and terror at the heart of Britain's civilizing mission in Kenya. As part of the Allied forces, thousands of Kenyans fought alongside the British in World War II. But just a few years after the defeat of Hitler, the British colonial government detained nearly the entire population of Kenya's largest ethnic minority, the Kikuyu, some one and a half million people. The compelling story of the system of prisons and work camps where thousands met their deaths has remained largely untold, the victim of a determined effort by the British to destroy all official records of their attempts to stop the Mau Mau uprising, the Kikuyu people's ultimately successful bid for Kenyan independence. Caroline Elkins, an assistant professor of history at Harvard University, spent a decade in London, Nairobi, and the Kenyan countryside interviewing hundreds of Kikuyu men and women who survived the British camps, as well as the British and African loyalists who detained them. The result is an unforgettable account of the unraveling of the British colonial empire in Kenya, a pivotal moment in twentieth-century history with chilling parallels to America's own imperial project. *Imperial Reckoning* is the winner of the 2006 Pulitzer Prize for Nonfiction. *The*

Other Barack Sally H. Jacobs, 2011-07-12 This is a biography of the senior Barack Obama, who is President Barack Obama's father. Provided by publisher. **The Oxford Handbook of Kenyan Politics** Nic Cheeseman, Karuti Kanyinga, Gabrielle Lynch, 2020-02-14 Kenya is one of the most politically dynamic and influential countries in sub-Saharan Africa. Today it is known in equal measure as a country that has experienced great highs and tragic lows. In the 1960s and 1970s, Kenya was seen as a success story of development in the periphery and also led the way in terms of democratic breakthroughs in 2010 when a new constitution devolved power and placed new constraints on the president. However, the country has also made international headlines for the kind of political instability that occurs when electoral violence is expressed along ethnic lines, such as during the Kenya crisis of 2007-08 when over 1,000 people lost their lives and almost 700,000 were displaced. *The Oxford Handbook of Kenyan Politics* explains these developments and many more, drawing together 50 specially commissioned chapters by leading researchers. The chapters they have contributed address a range of essential topics, including the legacy of colonial rule, ethnicity, land, politics, devolution, the constitution, elections, democracy, foreign aid, the informal economy, civil society, human rights, the International Criminal Court, the growing influence of China, economic policy, electoral violence, and the impact of mobile phone technology. In addition to covering some of the most important debates about Kenyan politics, the volume provides an insightful overview of Kenyan history from 1930 to the present day and features a set of chapters that review the impact of devolution on regional politics in every part of the country. *The Postcolonial Intellectual* Oliver Lovesey, 2016-03-03 Addressing a neglected dimension in postcolonial scholarship, Oliver Lovesey examines the figure of the postcolonial intellectual as repeatedly evoked by the fabled troika of Said, Spivak, and Bhabha and by members of the pan-African diaspora such as Cabral, Fanon, and James. Lovesey's primary focus is Ngũgĩ wa

Thiong'o one of the greatest writers of post independence Africa Ng'g' continues to be a vibrant cultural agitator and innovator who in contrast to many other public intellectuals has participated directly in grassroots cultural renewal enduring imprisonment and exile as a consequence of his engagement in political action Lovesey's comprehensive study concentrates on Ng'g's non fictional prose writings including his largely overlooked early journalism and his most recent autobiographical and theoretical work He offers a postcolonial critique that acknowledges Ng'g's complex position as a virtual spokesperson for the oppressed and global conscience who now speaks from a location of privilege Ng'g's writings Lovesey shows display a seemingly paradoxical consistency in their concerns over nearly five decades at the same time that there have been enormous transformations in his ideology and a shift in his focus from Africa's holocaust to Africa's renaissance Lovesey argues that Ng'g's view of the intellectual has shifted from an alienated nearly neocolonial stance to a position that allows him to celebrate intellectual activism and a return to the model of the oral vernacular intellectual even as he challenges other global intellectuals Tracing the development of this notion of the postcolonial intellectual Lovesey argues for Ng'g's rightful position as a major postcolonial theorist who helped establish postcolonial studies

Reimagining the Gendered Nation
Christina Kenny, 2022 Explores the complex and intersecting dimensions of gender ethnicity and culture on women in the Global South as well as the central roles of women in resisting colonial rule and their foundational contributions to post independence constitutional reform and nation building For all the effort and attention women across the Global South receive from the international human rights community and from their own governments human rights frameworks frequently fail to significantly improve the lives of these women or their communities Taking Kenya as a case study this book explores the reasons for this emphasising the need to understand the effects of the legacy of local colonial and postcolonial histories on the production of gendered identities and power in modern Kenyan cultural and political life Drawing on interviews with women in Nairobi and rural areas around Lake Victoria in Kenya the author examines their access to and experiences of civil and political rights and citizenship beginning with the colonial encounter following these legacies into modern times and the promulgation of the 2010 Constitution In four thematic chapters Kenny discusses women as victims and objects of cultural violence the myths of the sorority of African women women as victims of political and state violence and women as actors in national political processes In revealing that international human rights interventions have in fact reproduced the very patterns structures and hierarchies which are at the core of women's disenfranchisement and marginalization the book provides new insights into the difficulties women face in accessing their rights and will be invaluable for scholars and NGOs working in developing states Published in association with the British Institute in Eastern Africa colonial encounter following these legacies into modern times and the promulgation of the 2010 Constitution In four thematic chapters Kenny discusses women as victims and objects of cultural violence the myths of the sorority of African women women as victims of political and state violence and women as actors in national political processes In revealing that

Kenya Godwin R. Murunga,Duncan Okello,Anders Sjogren,2014-12-11 The aftermath of recent Kenyan elections has been marred by violence and an apparent crisis in democratic governance with the negotiated settlement resulting from the 2007 election bringing into sharp focus longstanding problems of state and society The broader reform process has involved electoral judicial and security sector reforms among others which in turn revolve around constitutional reforms Written by a gathering of eminent specialists this highly original volume interrogates the roots and impact of the 2010 constitution It explains why reforms were blocked in the past but were successful this time around and explores the scope for their implementation in the face of continued resistance by powerful groups In doing so the book demonstrates that the Kenyan experience carries significance well past its borders speaking to debates surrounding social justice and national cohesion across the African continent and beyond

Indians in Kenya Sana Aiyar,2015-04-06 Working as merchants skilled tradesmen clerks lawyers and journalists Indians formed the

economic and administrative middle class in colonial Kenya. In general, they were wealthier than Africans but were denied the political and economic privileges that Europeans enjoyed. Moreover, despite their relative prosperity, Indians were precariously positioned in Kenya. Africans usually viewed them as outsiders, and Europeans largely considered them subservient. Indians demanded recognition on their own terms. Indians in Kenya chronicles the competing, often contradictory strategies by which the South Asian diaspora sought a political voice in Kenya from the beginning of colonial rule in the late 1890s to independence in the 1960s. Indians' intellectual, economic, and political connections with South Asia shaped their understanding of their lives in Kenya. Sana Aiyar investigates how the many strands of Indians' diasporic identity influenced Kenya's political leadership, from claiming partnership with Europeans in their mission to colonize and civilize East Africa to successful collaborations with Africans to battle for racial equality, including during the Mau Mau Rebellion. She also explores how the hierarchical structures of colonial governance, the material inequalities between Indians and Africans, and the racialized political discourses that flourished in both colonial and postcolonial Kenya limited the success of alliances across racial and class lines. Aiyar demonstrates that only by examining the ties that bound Indians to worlds on both sides of the Indian Ocean can we understand how Kenya came to terms with its South Asian minority.

Writing on the Soil Ng'ang'a Wahu-Muchiri, 2023-05-08

Across contiguous nation states in Eastern Africa, the geographic proximity disguises an ideological complexity. Land has meant something fundamental in the sociocultural history of each country. Those concerns, however, have manifested into varied political events, and the range of struggles over land has spawned a multiplicity of literary interventions. While Kenya and Uganda were both British colonies, Kenya's experience of settler land alienation made for a much more violent response against efforts at political independence. Uganda's relatively calm unyoking from the colonial burden, however, led to a tumultuous post-independence. Tanzania, too, like Kenya and Uganda, resisted British colonial administration after Germany's defeat in World War I. In *Writing on the Soil*, author Ng'ang'a Wahu-Muchiri argues that representations of land and landscape perform significant metaphorical labor in African literatures, and this argument evolves across several geographical spaces. Each chapter's analysis is grounded in a particular locale: western Kenya colonial Tanganyika, post-independence Tanzania, Zimbabwe, Nairobi, Dar es Salaam, Anam Ka alakol Lake, Turkana, Kampala, and Kitgum in Northern Uganda. Moreover, each section contributes to a deeper understanding of the aesthetic choices that authors make when deploying tropes revolving around land, landscape, and the environment. Muchiri disentangles the numerous connections between geography and geopolitical space on the one hand, and ideology and cultural analysis on the other. This book embodies a multi-layered argument in the sphere of African critical scholarship while adding to the growing field of African land rights scholarship an approach that foregrounds the close reading of Africa's literary canon.

Built on the Ruins of Empire Blake Whitaker, 2022-06-07

During the Cold War, the British government oversaw the transition to independence of dozens of colonies. Often, the most challenging aspect of this transition was the creation of a national army.

from colonial forces In *Built on the Ruins of Empire* Blake Whitaker examines this process in Kenya and Zambia and how it set the course for the creation of the army in Zimbabwe He also looks at three themes as they intersect in African military history British decolonization race relations and the Cold War While the transition to independence was a difficult process in places such as Ghana and Nigeria it was compounded by the racial tensions in Kenya Zambia and Zimbabwe All three were settler colonies home to a sizable community of white Europeans who controlled the levers of power and economic prosperity *Built on the Ruins of Empire* focuses on the difficulties that arose in creating a cohesive and apolitical military force in these racially charged Cold War environments and demonstrates that the challenges faced by the British training missions in Kenya and Zambia taught London important lessons about the emerging postcolonial world Whitaker uniquely analyzes the successes and failures of the British military assistance programs and their quest to solidify British influence while examining how Britain's position and influence in the wider world was fading just as Zimbabwe was achieving independence

Kenya Wanjala S. Nasong'o, Maurice N. Amutabi, Toyin Falola, 2023-05-27 This volume is a bold attempt to address a comprehensive range of themes and issues relating to contemporary Kenya It covers independent Kenya's history society culture economics politics and environment with great breadth and depth comprising thirty four chapters divided into three parts Part I focuses on independence and the political economy of development followed by Part II on environment globalization gender and society Part III examines the external context's impact and implications for Kenya and the role of Kenya in the global political economy **A Tight Embrace** Marco Zoppi, 2020-12-16 This book provides various examples

showing how Europe and Africa can be conceptualized and researched as a single macro area connected by interrelated global and multilevel dynamics What types of relations characterize Europe and Africa today The nature of the connections is

neither clear nor unilinear rather they appear dialectical multifaceted and pointing in different directions This edited book explores narratives contemporary dynamics and historical legacies demonstrating the long standing relations between the continents suggesting that the entangled Euro African relations in multiple fields should be intended as a permanent condition for any analyses The authors provide various evidence of the fact that the two continents are deeply part of shared but uneven structures of global wealth and power Within those structures certain dynamics are constantly produced and reproduced yet new opportunities to subvert existing relations have also emerged recently Hence instead of proposing conceptual premises holding Africa and Europe as separate regions that get in touch at specific moments in time be it colonialism the Cold War globalization migration this book critically considers that each of the matters explored is anything but an episode in a more complex intertwined story that ultimately represents the explanatory framework for present Euro African relations

Historicizing Colonial Nostalgia P. Lorcin, 2011-12-15 Comparative study of the writings and strategies of European women in two colonies French Algeria and British Kenya during the twentieth century Its central theme is women's discursive contribution to the construction of colonial nostalgia

Insurgency and Counterinsurgency in Kenya Hannah Whittaker, 2015-10-20 In *Insurgency and Counterinsurgency in Kenya* Hannah Whittaker offers an in depth analysis of the Somali secessionist war in northern Kenya 1963-68 Combining archival and oral data the work captures the complexity of the conflict which combined a series of local national and regional confrontations The conflict was not Whittaker argues evidence of the potency of Somali nationalism but rather an early expression of its failure The book also deals with the Kenyan government's response to the conflict as part of the entrenchment of African colonial boundaries at independence Contrary to current narratives of an increasingly borderless world Whittaker reminds us of the violence that is produced by state led attempts to shore up contested borderlands This work provides vital insights into the history behind the on going troubled relationship between the Kenyan state and its Somali minority and between Kenya and Somalia
