The Time Machine Herbert George Wells,2003-07-30 While testing his new invention a man is transported over 800 000 years into the future **IN MY BEGINNING** LEWIS E. BIRDSEYE,2014-05-12 From the opening tale of this volume of novellas and short stories to its final work the reader is given adventure tragedy and humor that tell us in effect that their origin can be found not only in the shaping imagination of the author but in events experienced by everyone in their own lives From the tragic murder of a young man the narrator had come to admire to love experienced in a wholly unconscious way and the cruel manipulation of the narrator himself that leads him to commit a terrible crime he will never have to admit or make reparations for the reader is permitted to participate in events far from his or her own life events nevertheless which either echo or adumbrate what lurks in our own past or future Each tale takes us to an intriguing location a wild and scenic river somewhere in the still primitive wilderness of the South a long forgotten age of radical innocence no longer possible or perhaps even imaginable in today s so wise so jaded world the laboratory of a scientist whose powerful mind moves with a degree of precision and speed that invites and causes catastrophe the simple soul of an endearing man whose sensitivity drives him to actions few of us would ever consider the mind of a man so deformed by self satisfied egotism that he cannot see beyond the physical deformity of a man maimed but somehow ennobled by terrible war injuries the impossible but beautifully innocent yearning of a boy for imagined perfection **IN MY BEGINNING** shows the force of imagination that has given to its owner as imagination does to all of us a vision one we can shape and reshape exclusively for ourselves **Journey Through Darkness** Abbey DiGiando,2006-07 Follow DiGiando on her journey through the diagnosis treatment and recovery of her personal battle with depression There are days when I do not even get out of bed until 5 00pm or 6 00pm and I will return to bed after I eat dinner maybe an hour or two later When I have days like this I truly feel that my dreams are better than

anything that I could be faced with in reality When I am asleep and dreaming I have a chance to escape my own reality I could equate it with having some kind of terrible physical pain and knowing a way to make it go away instantly only to know that as soon as I stop doing whatever it was I was doing to stop the pain the pain is going to come back just as strong if not stronger My mental state equates the pain and sleep is how I know that I can make it go away from Journey Through Darkness
