Schoen,Jessica Tarlov,2017-07-04 America in the Age of Trump is a bracing essential look at the failure of a great nation to meet the needs of its people and the challenges of the age and the resulting collapse of public trust in government as well as a pervasive crisis of national values from broken families to a loss of faith in the American idea itself This crisis of values occurs just as the country faces an unprecedented array of fiscal economic social and national security challenges out of control federal spending frighteningly large deficits massive gaps of income and opportunity cultural division and a dangerous world in which American power seems increasingly incidental In America in the Age of Trump Douglas E Schoen and Jessica Tarlov offer a definitive and unique assessment of a nation in turmoil looking beneath well known problems to identify underlying

yet poorly understood causes Readers will confront the crises one by one of trust values and governance of education economic opportunity and fiscal solvency of national security domestic tranquility and race relations America in the Age of Trump gathers in one place a clear and comprehensive evaluation of the fundamental issues confronting the American future while offering bold fresh approaches to meeting these challenges Other books have described the specter of American decline but none has been so comprehensive in its diagnosis or forward looking and non ideological in its remedies explaining how we might yet overcome national self doubt to reclaim our traditional optimism reassert our place in the world and secure a prosperous future for our citizens A Republican's Lament Bill Crawford,2024-10-15 Bill Crawford thought his modern day Republican Party would lift Mississippi off the bottom a notion born of Gil Carmichael's vision for good government conservatism A Republican's Lament tells of Crawford's dedicated efforts to implement Carmichael's vision his keen observations of Mississippi's struggles and his critical commentaries over the past half century For more than fifty years few people have had a better view or a wider variety of roles in the ups and downs of Mississippi and its communities than Crawford The Canton native has been a daily newspaper reporter a crusading small town weekly editor a Republican Party leader a reform minded Republican state representative an influential Institutions of Higher Learning board trustee a successful banker a community college administrator a state economic development official a community development leader and nonprofit founder a mentor of developing community leaders and a syndicated political columnist From Gil Carmichael's vision for good government and Haley Barbour's pragmatic conservatism to starve the beast and truth management politics poverty and the Cycle of Prosperity Faulkner's curse and other behavioral shadows the Ayers case and more Crawford weaves a unique and eventful story about his home state's enduring dilemmas and a clarion call for its better possibilities
