

Configured models

The following illustrations show a standard network and fully configured printer. If you attach print media handling options to the printer, it may look more like the fully configured model. Items denoted with an asterisk (*) are options.

Standard network

The standard tray holds 250 sheets for the T640 and 500 sheets for the T642 and T644.

Fully configured

CAUTION: Floor-mounted configurations require additional furniture for stability. You must use either a printer stand or printer base if you are using a 2000-sheet drawer, a duplex unit and an input option, or more than one input option. If you purchased a multifunction printer (MFP) that scans, copies, and faxes, you may need additional furniture. See www.brooks.com/multifunctionprinters for more information.
