The Empty Mirror J. Sydney Jones, 2009-01-20 The summer of 1898 finds Austria terrorized by a killer who the press calls Vienna's Jack the Ripper Four bodies have already been found but when the painter Gustav Klimt's female model becomes the fifth victim the police finger him as the culprit The artist has already scandalized Viennese society with his erotically charged modern paintings Who better to take the blame for the crimes that have plagued the city This is however far from an open and shut case Klimt's lawyer Karl Werthen has an ace up his sleeve Dr Hans Gross the renowned father of criminology has agreed to assist him in investigating the murders Together Gross and Werthen must not only clear Klimt's name but also follow the trail of a killer that will lead them in the most surprising of directions By uncovering the cause of the crimes that have shaken the city the two men may risk damaging Vienna more than the murders did themselves Written by an acclaimed expert on Vienna and its history *The Empty Mirror* introduces a new series of stunning historical mysteries that reveals the culture and curiosities of this fascinating fin de siècle metropolis

Marilyn Monroe: a Case for Murder Jay Margolis, 2011-08-03 It is one of the greatest mysteries of the twentieth century How did Marilyn Monroe die Although no pills were found in her stomach during the autopsy it was still documented in the Los Angeles coroner's report that she had swallowed sixty-four sleeping pills prior to her demise In *Marilyn Monroe A Case for Murder* biographer Jay Margolis presents the most thorough investigation of Marilyn Monroe's death to date and shares how he reached the definitive conclusion that she was murdered Margolis meticulously dissects the events leading up to her death revealing a major conspiracy and countless lies In an exclusive interview with actress Jane Russell three months before her death he reveals Russell's belief that Monroe was murdered and points the finger at the man she held responsible While

Kitchen,2017-01-01 The spectacular murders of a distinguished British scientist his wife and their young daughter in the depths of rural France in 1952 prompted one of the most notorious criminal investigations in postwar Europe It is still a matter of passionate debate in France Sir Jack Drummond with his wife Lady Anne and their ten year old daughter Elizabeth were on holiday on the French Riviera when they stopped to make camp just off the road near a farm called La Grand Terre in Provence The family was found murdered the next morning More than two years later the barely literate seventy five year old proprietor of La Grand Terre Gaston Dominici was brought to trial convicted and condemned to death by guillotine When Dominici was convicted there was general agreement that the ignorant pitiless and depraved old peasant had gotten what he deserved At the time he stood for everything backward and brutish about a peasantry left behind in the wake of France s postwar transformation and burgeoning prosperity But with time perspectives changed Subsequent inquiries coupled with widespread doubts and misgivings prompted President de Gaulle to order his release from prison in 1960 and by the 1980s many in France came to believe against all evidence that Gaston Dominici was innocent He had become a romanticized symbol of a simpler genuine and somehow more honest life from a bygone era Reconstructing the facts of the Drummond murders The Dominici Affair redefines one of France s most puzzling crimes and illustrates the profound changes in French society that took place following the Second World War *The Preacher's Son* Lynn Chandler-Willis,Lynn Chandler
