**(Introducing 'SoulOlogy')** Dr. Siddhartha Ganguli, 2024-05-11 Hinduism is a polytheistic religion For the Hindus Goddess Kali is the only austere down to earth deity who believes in absolute simplicity and openness She does not hide her body she is naked with her private parts covered by a garland of severed hands of demons slain by her Her mind is overt as she sticks out her tongue representing her thirst for the blood of evil people whom she is determined to overpower and also her feeling of shame Her soul yearns for pure and authentic love She is unlike other Hindu goddesses who are opulently dressed and majestically ornamented Kali's child God incarnate Sri Sri Ramakrishna like his mother goddess is casual not only about his dress but also about his worshipping habits This book looks at Ramakrishna his method of devotion his yearning for the goddess and his value system and entire philosophy It analyses the Hindu Saint's soul and its slices that he had shared and still continues to share even today long after he left this planet with those who understand him thoroughly and are meant to propagate his message The author's method of analysis and treatment of the subject are unique as no other Kali or Ramakrishna scholar had used for their probes earlier The gateway experience guidance manual Robert A.
