Great Expectations Commission on the Social Sciences, 2017-10-19 The social sciences in the United Kingdom are extensive diverse and influential At any one time more than four million students study the social sciences in schools and about a half million students study social science in universities Total university income from the social sciences is at the four billion dollar level Beyond that many social scientists hold key positions in government business the media civil service and the voluntary sector Great Expectations reviews the status of the social sciences in Great Britain at the beginning of the twenty first century While making clear that work opportunities for social scientists are substantial and that levels of intellectual performance equal that of graduates in physics it provides a hard hitting empirically grounded examination of a near crisis situation The report goes far beyond what one conventionally expects in commissioned reports arguing that the academic treadmill driven by excessive accountability burdens reduces the originality and quality of much academic research The report emphasizes the ideological and parochial nature of much British social research As a result there is little applicability

internationally even less interdisciplinary work and at times an outright bias against the market economy as such The Commission Report is even handed tough minded and frank in discussing how it is that social science and new social and technical forces do not always mesh The optimism exuded is measured but genuine Great Expectations offers policy recommendations and scientific goals that can be serviceable not only in the United Kingdom but in all advanced societies in which social research is a central component of economic stability and development It is a superb reference volume enriched by original analysis and pungent clear headed writing Members of the commission include Professor David Rhind Vice Chancellor of the City University served as Chairman of the Commission Members included Huw Beynon Cardiff Patricia Broadbent Bristol Vicki Bruce Edinburgh Barry Buzzan LSE Sue Duncan Government Researcher Stuart Etherington National Council for Voluntary Organizations Janet Lewis Oxford Denise Lievesley UNESCO Richard Portes LBS Marc Renaud Research Council of Canada Michael Tonry Cambridge and David Walker The Guardian Issues In Setting Standards Tom Christie,2005-08-03 The contributions in this book highlight a topical common educational theme the model of outcomes orientated standards in education The authors share their experience and knowledge on the global preoccupation with quality control models that deal This Writing Business Susan Elkin,2025-06-28 This Writing Business is a captivating memoir detailing Susan Elkin s unexpected journey from secondary school English teacher to accomplished wide ranging journalist and author When she encountered a promotional glass ceiling in teaching Susan ventured into writing beginning with opinion pieces for national newspapers such as The Daily Telegraph and The Times From there she quickly expanded her repertoire to cover topics as varied as woodwork vegetarian cookery theatre classical music and even the English wine industry Her writing career soon became so diverse and successful that she transitioned to part time teaching before fully committing to her newfound path Over the years Susan has authored 54 books including English textbooks study guides and books on theatre while contributing to a wide array of publications With warmth wit and humility This Writing Business recounts her inspiring transformation and reveals the joys and challenges of a life dedicated to the written word *The Guardian Index* ,1999 **The Tory Mind on Education, 1979-1994** Denis Lawton,2011-12-08 This book discusses conservative education policies since 1979 by referring to beliefs values and attitudes It relates ideology to policies and provides some background about the years before 1979 definitions of Conservatism and descriptions of Tory beliefs and traditional Conservative views on education The second part of the book provides a brief outline of the years between the 1944 Education Act and 1979 **Consumer Monitor 2** Susan Foreman,1996 Consumer Monitor was first published in 1987 This new edition has been completely revised and now covers publications from January 1990 to March 1995 It is the only known compilation of its kind Consumer Monitor 2 is a bibliography of official publications relating to consumers and their concerns The 16 subject areas are many and various and include consumer protection the environment housing personal finance welfare communications and media the arts and many more With its handy presentation helpful

State Sponsored Literature Asha Rogers, 2020-03-05 Debates about the value of the literary rarely register the expressive acts of state subsidy sponsorship and cultural policy that have shaped post war Britain In *State Sponsored Literature* Asha Rogers argues that the modern state was a major material condition of literature even as its efforts were relative partial and prone to disruption Drawing from neglected and occasionally unexpected archives she shows how the state became an integral and conflicted custodian of literary freedom in the postcolonial world as beliefs about literature s public were radically challenged by the unrivalled migration to Britain at the end of Empire *State Sponsored Literature* retells the story of literature s place in post war Britain through original analysis of the institutional forces behind canon formation and contestation from the literature programmes of the British Council and Arts Council and the UK s fraught relations with UNESCO to GCSE literature anthologies and the origins of *The Satanic Verses* in migrant Camden The state did not shape literary production in a vacuum Rogers argues but its policies practices and priorities were also inexorably shaped in turn Demonstrating how archival work can potentially transform our understanding of literature this book challenges how we think about literature s value by asking what state involvement has meant for writers readers institutions and the ideal of autonomy itself
