This book is all about how my little family I, my husband and our daughter who turned six in January 2020 did a culinary trip around the world sitting at home. We ate food from twenty six different countries one country a week for fifty two weeks and each time we virtually visited a country we also explored it in other ways by listening to its music by talking about its history and so on. Why am I focusing on the food? Because after all, all said and done it was the food that spurred each of these twenty six parties. While we discussed politics and history while we listened to music the central focal point of the party was always the food. **Multicultural Projects Index** Mary Anne Pilger, 1998. An index to multicultural learning projects for kindergarten through eighth grade classrooms which appear in over 1 700 books including handicrafts foods games and activities arranged alphabetically by subject with cross references and complete bibliographic information.
