Moody's International Manual ,1995 [Handbook of Research on Approaches to Alternative Entrepreneurship Opportunities](#) Dantas, José Guilherme Leitão,Carvalho, Luísa Cagica,2020-02-25 In some cases technology based projects have revolutionized the way of living by contributing to job and wealth creation These types of ventures regardless of their outstanding relevance are the exception rather than the norm in that they account for only a very small percentage of entrepreneurial activity Although not ignoring these important ventures the main goal of this title is to fully unleash the wide potential of the entrepreneurial activity exploring and highlighting the somewhat hidden part which is ultimately responsible for the largest part of new businesses and as a consequence for the wellbeing of millions of people virtually everywhere The

Handbook of Research on Approaches to Alternative Entrepreneurship Opportunities is a collection of innovative research on the methods and applications of entrepreneurial activity beyond the traditional boundaries of entrepreneurship research. While highlighting topics including collective business organizational performance and generational differences, this book is ideally designed for entrepreneurs, developers, researchers, business managers, industry professionals, academicians, and students seeking to draw attention to distinctive and multifaceted types of entrepreneurship.
