

Competency Course Scoresheet

Emergency Vehicle Driver Training Program

The competency course is designed to measure driver proficiency in handling emergency vehicles. It is one portion of a four-part comprehensive emergency vehicle driver training program and should be utilized with the overall program. Through its use, the progress of each emergency vehicle driver can be measured over a period of time. The competency course is designed to duplicate eight situations in which the driver's skill, judgment, and knowledge of the limitations of the emergency vehicle, are required for effective maneuvering. This course is based on Appendix A of the NFPA #1002 publication entitled *Fire Department Vehicle Driver/Operator Professional Qualifications*. See other side for course layout schematic.
