difficult in an administration plagued by leaks that frustrated and angered both Spicer and the president. Not to mention the extraordinary pressures on Spicer's family and his faith. Now in his provocative and enlightening political memoir *The Briefing*, Spicer reveals the truth behind some of the biggest news stories of our time and he offers a glimpse into what it's like to stand at the press secretary's podium and how he got there. *The Briefing* is the first insider account written by someone who worked on the Trump campaign with the Trump transition team and in the Trump White House and has seen Donald Trump rallying voters, building an administration and making crucial policy decisions. Spicer's riveting and personal account makes *The Briefing* the must-read political memoir of the year. The Publishers Weekly, 1911 *Deleuze and World Cinemas* David Martin-Jones, 2011-02-17 Shortlisted for the British Association of Film Television and Screen Studies Annual Book Award. Deleuze's Cinema books continue to cause controversy. Although they offer radical new ways of understanding cinema, his conclusions often seem strikingly Eurocentric. *Deleuze and World Cinemas* explores what happens when Deleuze's ideas are brought into contact with the films he did not discuss: those from Europe and the USA from Georges Méliès to Michael Mann and a range of world cinemas including Bollywood blockbusters, Hong Kong action movies, Argentine melodramas and South Korean science-fiction movies. These emergent encounters demonstrate the need for the constant adaptation and reinterpretation of Deleuze's findings if they are to have continued relevance, especially for cinema's contemporary engagement with the aftermath of the Cold War and the global dominance of neoliberal globalization.

Nexus Network Journal 12,2 Kim Williams, 2013-07-30 Nexus Network Journal 12,2 Architecture and Mathematics Volume 12 *Asian English Language Classrooms* Handoyo Puji Widodo, Alistair Wood, Deepti Gupta, 2017-06-14 The teaching of English in the Asian context is always challenging and dynamic because both teachers and learners have diverse linguistic and cultural backgrounds. Equally important where English is not widely used outside the classroom, English language classrooms are an authentic site of learner engagement. For these reasons, for all those concerned with contemporary English language teaching, *ELT in Asia: Asian English Language Classrooms Where Theory and Practice Meet* provides an account of theoretical orientations and practices in the teaching of English to multilingual speakers whose primary language is not English. While covering the fundamental ELT areas, e.g. the teaching of language skills, educational literature, the use of technology in ELT, the role of pragmatics in ELT, social psychology of the language classroom and language classroom management, with which every language teacher and teacher trainer must be concerned, this volume showcases how particular orientations shape ELT practices. We believe that practicing English teachers must have a heightened awareness of the theory behind their practice. At the same time, the theoretical stance must be firmly anchored in actual classrooms. Containing newly commissioned chapters written by well-regarded and emerging scholars, this book will appeal not only to beginning teachers or teachers in training but also to established teachers around Asia where English is used as a lingua franca. If you are a student teacher of English or an English teacher who would like to see what other
