

The background of the book cover is a photograph of a roller coaster track. The track is a dark, polished metal that curves and loops through the air. It is set against a clear, bright blue sky. The perspective is from a low angle, looking up at the track as it curves away from the viewer, creating a sense of height and motion. The track's surface reflects light, giving it a metallic sheen. The overall composition is dynamic and visually engaging, typical of a textbook cover for a physics program.
