Accounting Education Seedwell Tanaka Muyako Sithole, Indra Abeysekera, 2017-02-24 This book provides a comprehensive and critical overview of learning accounting It illustrates that when learners need to mentally integrate two or more distinct items of information it places unnecessary demands on cognitive load The book discusses the cognitive load theory which assumes that the task of mental integration increases the load on already limited working memory and it does so to such an extent that learning may be severely impeded The book also investigates how students could deal with cognitive overload when learning introductory accounting using three instructional design formats the split attention format the integrated format and the self managed format

Financial Accounting J. David Spiceland, Jan R. Williams, Wayne Thomas, Don Herrmann, 2014 The financial accounting course is taken by all business majors usually in their sophomore year Financial accounting reports summarize the financial health operating results and changes in financial status for a business as viewed over a specific period of time This information is used by outside parties such as stockholders creditors prospective investors regulatory agencies and the general public The financial accounting market can be segmented into three categories preparer traditional balanced and user innovative Spiceland Thomas Herrmann falls into the balanced segment by offering a balance between the user and preparer orientation The decision maker's perspective used throughout the book competes directly with Kimmel's pedagogical approach Financial Accounting has been revised based on the great success of Financial Accounting 2nd edition Spiceland Thomas Herrmann The content was developed with feedback from over 480 reviewers and focus group participants from across the country The authors David Spiceland Wayne Thomas and Don Herrmann have developed a unique text based on over 50 collective years of experience in the classroom They've brought together best practices like highlighting Common Mistakes offering frequent Let's Review exercises integrating the course with a running Continuing Problem demonstrating the relevance of the course to non majors with a Career Corner and communicating it all
