O'Rourke,2018-12-15 Lindsey A O Rourke is Assistant Professor of Political Science at Boston College Her research focuses on regime change international security and US foreign policy *US Hegemony and the Americas* Arturo Santa-Cruz,2019-12-06 In this book Arturo Santa Cruz advances an understanding of power as a social relationship and applies it consistently to the economic realm in United States relations with other countries of the Western Hemisphere Following the academic and popular debate on the ebb and flow of US hegemony this work centers the analysis

in a critical case for the exercise of US power through its economic statecraft the Americas its historical zone of influence The rationale for the regional focus is methodological if it can be shown that Washington's sway has decreased in the area since the early 1970s when the discussion about this matter started it can be safely assumed that the same has occurred in other latitudes The analysis focuses on three regions North America Central America and South America Since each region contains countries that have at times maintained very different relationships with the United States the findings contribute to a better understanding of the practice of US power in the sub region in question adding greater variability to the overall results US Hegemony and the Americas Power and Economic Statecraft in International Relations is an invaluable resource for students and scholars interested in Latin American History and Politics North American Regional Integration International Relations Economic Statecraft Political Economy and Comparative Politics Defense Management Reform Peter Levine, 2020-03-10 Pentagon spending has been the target of decades of criticism and reform efforts Billions of dollars are spent on weapons programs that are later abandoned State of the art data centers are underutilized and overstaffed New business systems are built at great expense but fail to meet the needs of their users Every Secretary of Defense for the last five Administrations has made it a priority to address perceived bloat and inefficiency by making management reform a major priority The congressional defense committees have been just as active enacting hundreds of legislative provisions Yet few of these initiatives produce significant results and the Pentagon appears to go on as wasteful as ever In this book Peter Levine addresses why despite a long history of attempted reform the Pentagon continues to struggle to reduce waste and inefficiency The heart of Defense Management Reform is three case studies covering civilian personnel acquisitions and financial management Narrated with the insight of an insider the result is a clear understanding of what went wrong in the past and a set of concrete guidelines to plot a better future Federal Register, 2013-02 *IMF, WORLD BANK & ADB AGENDA ON PRIVATISATION* Nihal Sri Ameresekere, 2011-04-25 This shockingly explosive Book deals with the manipulative privatization of Sri Lanka Insurance under a privatization program pushed by IMF World Bank and ADB questionably mishandled by PricewaterhouseCoopers and Ernst involving a consortium of leading corporates controlled by one individual portrayed as a close associate of former US President Bill Clinton This dubious deal was annulled as wrongful unlawful and illegal by the Supreme Court the highest judiciary observing that it shocked the conscience of Court asserting that public assets are held in trust on behalf of the people This Book exposes those holding elected and selected influential and powerful public office unabashedly compromising national and public interests in the disposal of an invaluable national asset at a ridiculous price to parties who had not even been pre qualified with one party incorporated in Gibraltar after the completion of the process and whose source of funds channeled through a leading Bank remained a mystery This Book appallingly reveals how pontificating professionals retrospectively manipulated the financials of Sri Lanka Insurance facilitating a fraudulent demand for a refund from the Government It reveals the unashamed condoning of fraud and corruption and

bestowing on corrupt miscreants even more recognition shunning the rule of law and the absence of law enforcement and the duplicitous stances of the Chamber of Commerce and the Institute of Chartered Accountants This book is an eye opener on socio political realities and is invaluable to those dealing with privatization public finance and commerce fraud and corruption forensic accounting and to legal academics and professionals and public interest activists 林國華, 2021-06-21 2020 Robert W Hamilton Book Awards Peter Cappelli Neil Fligstein James K Galbraith Ken Hou Lin Megan Tobias Neely <http://victranslates.blogspot.tw> Discussion Memorandum Financial Accounting Standards Board, 1983
