Financial Accounting N4 November 2012:

INTERNATIONAL FINANCIAL REPORTING STANDARDS IN Q & A FOLORUNSHO MEJABI, 2015-11-08 This book is aimed squarely at the new learning styles evident with today's students and addresses accounting industry changes as well. This textbook is not written as a reference text rather it is written in another form where knowledge can be bridged and tested through questions and answers in a multiple choice format. The answers to the questions are provided towards the back pages of the text. Accounting has evolved over the years especially in the areas of Standard setting and adoption of International Financial Reporting Standards around the globe. The book basically covers all IASB standards including conceptual framework and IFRS on SMEs. It is good starting and ending points for accounting students, accountants, corporate gurus and managers of businesses. Let me conclude with the words of Confucius who said 'You cannot open a book without learning something'. **Journal of Finance and Accounting Research**, 2012-07

Technology and Financial Crisis: Economical and Analytical Views Koyuncugil, Ali Serhan, Ozgulbas, Nermin, 2013-02-28 Rapid improvements and constant advancements in information technology have inevitably led to significant changes for businesses across the globe. As a result, some of these large shifts have unfortunately ended in major financial crises. *Technology and Financial Crisis: Economical and Analytical Views* investigates financial crises from unique points of view. Not only does this publication consider the broader economical implications that a financial crisis can have on one business or on a whole country but it also thoroughly discusses the smaller areas which are affected or contribute to the downfall. This book is intended to be of use to the public sector, researchers, practitioners and educators who are interested in the effects of a financial crisis and possible ways to reduce such large scale problems in the future. *Extinction Governance, Finance and Accounting* Jill Atkins, Martina Macpherson, 2022-05-30 The planet is currently experiencing a mass extinction event with human and business activity being the root cause of species loss and habitat destruction. Industries, companies, banks, investors, accountants and auditors have all played their role. This book explores how they can also provide a solution. The book presents plans, metrics, frameworks, mechanisms and financial innovations that can be and are being implemented through the financial markets in order to save and protect species, enhance biodiversity and at the same time preserve the financial markets and the business world. This biodiversity handbook addresses the intersection between species extinction and the global capitalist system. With contributions from leading non-governmental organisations such as the Capitals Coalition, Business for Nature, the Ecojustice Foundation, ShareAction and the Endangered Wildlife Trust, plus senior researchers in the field as well as industry experts from Moody's EOS at Hermes Federated Investment Management, BlueBay Asset Management, ODDO BHF Asset Management and OSSIAM to mention just a few, this book is at the forefront of addressing the crucially important topics of extinction, accounting, finance and governance. Drawing on leading research, the book is written in an accessible style and is relevant to researchers and students in the fields of sustainability, governance, accounting

finance corporate social responsibility and corporate governance It is essential reading for investors responsible investors bankers business leaders and policy makers in the field of sustainable financial markets Given the interdisciplinary nature of this book it is useful to conservationists ecologists and others involved in species and biodiversity protection *New Jersey Register* ,2009
