Stuart I. Greenbaum, Anjan V. Thakor, Arnoud W. A. Boot, 2019-05-14 Contemporary Financial Intermediation 4th Edition by Greenbaum Thakor and Boot continues to offer a distinctive approach to the study of financial markets and institutions by presenting an integrated portrait that puts information and economic reasoning at the core. Instead of primarily naming and describing markets, regulations and institutions as is common, Contemporary Financial Intermediation explores the subtlety, plasticity and fragility of financial institutions and credit markets. In this new edition, every chapter has been updated and pedagogical supplements have been enhanced. For the financial sector, the best preprofessional training explains the reasons why markets, institutions and regulators evolve, they do, why we suffer, recurring financial crises occur and how we typically react to them. Our textbook demands more in terms of quantitative skills and analysis, but its ability to teach about the forces shaping the financial world is unmatched. Updates and expands a legacy title in a valuable field. Holds a prominent position in a growing portfolio of finance textbooks. Teaches tactics on how to recognize and forecast fluctuations in financial markets.
