Stephen A. Ross, 2007 *Corporate Finance* by Ross Westerfield Jaffe and Jordan was written to convey the most important corporate finance concepts and applications as a level that is approachable to the widest possible audience. The concise format, managerial context and design and student friendly writing style are key attributes in this text. We took the best from RWJ Fundamentals and RWJ Corporate to create a book that fits an underserved need in the market. RWJ Core Principles strikes a balance by introducing and covering the essentials while leaving more specialized topics to follow up courses. This text distills the subject of corporate finance down to its core while also maintaining a deciding modern approach. The well respected author team is known for their clear accessible presentation of material that makes this text an excellent teaching tool.

Corporate Governance at the Crossroads: A Book of Readings Stuart L. Gillan, 2005 *Corporate Governance at the Crossroads: A Book of Readings* has both groundbreaking and recent articles on corporate governance. It is a perfect supplement and packaging item with McGraw Hill Irwin's many undergraduate or graduate corporate finance textbooks.

Fundamentals of Investments Charles J. Corrado, Bradford D. Jordan, 2000 CD ROM contains Self study software FinCalc software an options calculator PowerPoint version of lecture notes.

Emerging Financial Markets David O. Beim, Charles W. Calomiris, 2001 This is the first text to be written on Emerging Financial Markets. The book is partially the result of a grant given by Citibank to Columbia Business School for the purpose of designing a new course in emerging financial markets for their MBA program. The text reflects the tremendous research in recent years seeking to explain the financial crises in Latin America and Asia during the mid to late 1990's and related issues such as capital flows, currency regimes, legal and regulatory matters, corporate governance and the functions and structure of financial systems. Emerging Financial Markets suggests and explores three key foundations that explain why emerging markets behave differently than developed markets: 1. law, 2. institutions of information and control and 3. inflation and currency stability.

Financial Institutions Management Anthony Saunders, 2000 Focuses on the risks faced by managers of financial institutions and the methods and markets through which these risks are managed. Pertinent information regarding non bank financial institutions provides a more holistic view of the challenges raised by factors such as interest rates.

FinGame Online 3.0 LeRoy D. Brooks, 1999-06 *FinGame Online 3.0* is a comprehensive multiple period finance case simulation. In the game students control a hypothetical company over numerous periods of operation. This book provides students with the instructions to operate their company on the website. It includes a password in order to access the website.

Principles of Corporate Finance Richard A. Brealey, Stewart Myers, Franklin Allen, 2011 This new international edition provides increased coverage of the procedures for estimating the cost of capital, expanded coverage of risk management techniques and the use and misuse of derivatives and additional coverage of agency problems.
