Exams, Tests, Revision Pocketbook Mike Gershon, 2016-03-16 Teaching exam classes carries a weight of responsibility for all teachers. They know that offering their students the best possible education is not about the narrow diet of teaching to the test; they also know that good test scores and excellent exam results are fundamental. So how do teachers equip their pupils for exam success while at the same time ensuring high standards of teaching and learning? The *Exams Tests Revision Pocketbook* looks at how to do just that. Rooted firmly in experience and research, this is a practical how-to Pocketbook aimed at classroom teachers. It provides strategies, activities and techniques for successfully teaching examination classes. Whether those are related to using time efficiently, cognitive psychology and motivation theory, unpicking great exam technique or exploring the best use of past papers, mark schemes and examiners' reports, they are always accessible and can be readily imported for immediate classroom application. The Pocketbook is highly illustrated. Cartoons, diagrams and visual prompts support the text and cement the ideas.

We aim to equip them with the necessary knowledge and confidence to communicate effectively across various contexts. The AQA specification encompasses three overarching themes, each spanning the four exam papers: Listening Paper 1, Speaking Paper 2, Reading Paper 3, and Writing Paper 4. The first theme, Identity and Culture, delves into personal relationships, technology's role in daily life, leisure activities, and customs and festivals in Chinese-speaking communities. The second theme explores local, national, and global areas of interest, encompassing topics such as community life, social issues, global challenges like environmental issues, and travel and tourism. Lastly, the third theme focuses on current and future study and employment, covering aspects of academic life, post-16 education, and career aspirations. With our expertise in teaching Chinese to foreigners and our longstanding commitment to closely following Edexcel GCSE/GCE Chinese since 1999, we have built an extensive database. This database covers GCSE, A Level, AP, SAT, IB Chinese from various exam boards, as well as the HSK Chinese Proficiency Test.
