Papers in Illinois History and Transactions for the Year Illinois State Historical Society, 1902 Papers in Illinois History and Transactions for the Year ... , 1902 Los Angeles Transformed Tom Sitton, 2005 When Fletcher Bowron 1887-1968 ran for mayor of Los Angeles in 1938 his twelve years as a superior court judge with a reputation for honesty and fairness carried him to victory against a notoriously corrupt incumbent During his nearly fifteen years as a neo progressive mayor Bowron presided over fundamental reforms in the police department public utilities and other agencies charged with basic services rooting out bribery kickbacks and influence peddling World War II brought economic and population booms racial conflict social dislocation and environmental problems to Los Angeles and complicated Mayor Bowron's job After the war Bowron initiated massive public housing and desegregation projects These forward looking programs alienated enough voters to cost him the 1953 election as his leftist supporters fell away under the influence of McCarthyism This political history of the mid twentieth century reform period in Los Angeles is also a case study of the ways outside events can affect municipal affairs As Tom Sitton demonstrates the choices made during Bowron's administration have had a direct bearing on how Los Angeles looks today and how its government operates History from the Bottom Up and the Inside Out James R. Barrett, 2017-08-04 James R Barrett rethinks the boundaries of American working class history by investigating the ways in which working class people's personal lives intersected with their activism and religious racial ethnic and class identities

Rearden, 1984 **General History of Africa** International Scientific Committee for the drafting of a General History of Africa, 1988-12-31 One of UNESCO's most important publishing projects in the last thirty years the General History of Africa marks a major breakthrough in the recognition of Africa's cultural heritage Offering an internal perspective of Africa the eight volume work provides a comprehensive approach to the history of ideas civilizations societies and institutions of African history The volumes also discuss historical relationships among Africans as well as multilateral interactions with other cultures and continents *Eagles Overhead* Matt Dietz, 2023-02-15 US Air Force Forward Air Controllers FACs bridge the gap between air and land power They operate in the grey area of the battlefield serving as an aircrew who flies above the battlefield spots the enemy and relays targeting information to control close air support attacks by other faster aircraft When done well Air Force FACs are the fulcrum for successful employment of air power in support of ground forces Unfortunately FACs in recent times have been shunned by both ground and air forces their mission complicated by inherent difficulty and danger as well as by the vicissitudes of defense budgets technology leadership bureaucracy and doctrine *Eagles Overhead* is the first complete historical survey of the US Air Force FAC program from its origins in World War I to the modern battlefield Matt Dietz examines their role status and performance in every US Air Force air campaign from the Marne in 1918 World War II Korea Vietnam Desert Storm and finally Mosul in 2017 With the remaking

of the post Vietnam US military and the impact of those changes on FAC the Air Force began a steady neglect of the FAC mission from Operation Desert Storm through the force reductions after the Soviet Union's collapse and into the post 9 11 wars in Iraq and Afghanistan Eagles Overhead asks why FACs have not been heavily used on US battlefields since 2001 despite their warfighting importance Dietz examines the Air Force FAC's theoretical doctrinal institutional and historical frameworks to assess if the nature of air warfare has changed so significantly that the concept and utility of the FAC has been left behind From these examinations Eagles Overhead draws conclusions about the potential future of Air Force FACs

Bearing the Torch T.R.C. Hutton,2023-09-29 Bearing the Torch stands as a comprehensive history of the University of Tennessee replete with anecdotes and vignettes of interest to anyone interested in UT from the administrators and chancellors to students and alums and even to the Vols fans whose familiarity with the school comes mainly from the sports page It is also a biography of a school whose history reflects that of its state and its nation The institution that began as Blount College in 1794 in a frontier village called Knoxville exemplifies the relationship between education and American history This is the first scholarly history of UT since 1984 T R C Hutton not only provides a much needed update but also seeks to present a social history of the university fully integrating historical context and showing how the volume's central character the university itself reflects historical themes and concerns For example Hutton shows how the school's development was hampered in the early nineteenth century by stingy state funding a theme that also appears in subsequent decades and Jacksonian fears that publicly funded higher education equaled elite privilege The institution nearly disappeared as the Civil War raged in a divided region but then it flourished thanks to policies that never could have happened without the war In the twentieth century students embraced dramatic social changes as the university wrestled with race gender and other important issues In the Cold War era UT became a successful research institution and entered into a deep partnership with Oak Ridge National Laboratories that persists to this day All the while UT athletics experienced the highs of national championships and the lows of lawsuits and losing seasons UT is a university with a universe of historical experiences The University of Tennessee's story has always been defined by inclusion and exclusion and the school has triumphed when it practiced the former and failed when it took part in the latter Bearing the Torch traces that ongoing process richly detailing the University's contributions to what one president Joseph Estabrook called the diffusion of knowledge among the people

Mary Rose David Loades,2012-05-15 The story of Henry VIII's sister Mary Rose the beautiful princess who married first the King of France and then the great rake of the Tudor era Charles Brandon Duke of Suffolk **Papers in Illinois History and Transactions** Illinois State Historical Society,1904 **Beyond Alliances** Bruce Zuckerman,George J. Sanchez,2012 This volume focuses on the unique and special role that Jews took in reshaping the ethnic racial landscape of Southern California in the mid twentieth century roughly from 1930 to 1970 **Clara Barton National Historic Site: Developmental history** Elizabeth Jo Lampl,2004 *Women and Power in American History* Kathryn Kish Sklar,Thomas

Dublin, 2009 *Women and Power in American History* provides a coherent group of readings related to the unifying theme of power in women's lives over time. A greater understanding of how power inequalities are organized along gender lines can help us work toward a more egalitarian and just society. Because the work of the women's movement is far from complete, the need for a fuller historical understanding of how women's lives have changed over time remains great. This anthology brings together carefully selected cutting edge readings in U.S. Women's History organized around issues related to gender and power in American society. The twenty-seven individual essays provide students with unifying themes that promote their understanding of women's history and changing gender relations. Both co-authors are highly visible in the field of women's history.

Death at the Edges of Empire Shannon Bontrager, 2020-02. A 2020 BookAuthority selection for best new American Civil War books. Hundreds of thousands of individuals perished in the epic conflict of the American Civil War. As battles raged and the specter of death and dying hung over the divided nation, the living worked not only to bury their dead but also to commemorate them. President Abraham Lincoln's Gettysburg Address perhaps best voiced the public yearning to memorialize the war dead. His address marked the beginning of a new tradition of commemorating American soldiers and also signaled a transformation in the relationship between the government and the citizenry through an embedded promise and obligation for the living to remember the dead. In *Death at the Edges of Empire*, Shannon Bontrager examines the culture of death, burial, and commemoration of American war dead. By focusing on the Civil War, the Spanish-Cuban American War, the Philippine American War, and World War I, Bontrager produces a history of collective memories of war expressed through American cultural traditions emerging within broader transatlantic and transpacific networks. Examining the pragmatic collaborations between middle-class Americans and government officials negotiating the contradictory terrain of empire and nation, *Death at the Edges of Empire* shows how Americans imposed modern order on the inevitability of death as well as how they used the war dead to reimagine political identities and opportunities into imperial ambitions.

History of Research on Nitrogen Fixation in Soybeans (1887-2018) William Shurtleff; Akiko Aoyagi, 2018-11-26. This is the world's most comprehensive, well-documented, and well-illustrated book on this subject. With extensive subject and geographical index, 91 photographs, and illustrations, mostly color. Free of charge.

Federalism in Canada and Australia W.H. Heick, 2010-10-30. This book is a comparison of the history and politics of two sister societies, comparing Canada with Australia rather than as is traditional with the United Kingdom or the United States. It is representative of a particular interest in promoting more contact and exchange among Canadian and Australian scholars who were investigating various features of the two societies. Because some of them were individually involved in aspects of federalist studies, an examination of the early evolution of federalism in what once were the two sister dominions seemed quite an appropriate area in which to begin comparisons. The book discusses Canadian federalism from about 1864 to 1880 and Australian federalism from about 1897 to 1914. It examines the background and changes wrought on early Canadian federalism and early Australian federalism.
