Turner,2011-05-02 The series Religion and Society RS contributes to the exploration of religions as social systems both in Western and non Western societies in particular it examines religions in their differentiation from and intersection with other cultural systems such as art economy law and politics Due attention is given to paradigmatic case or comparative studies that exhibit a clear theoretical orientation with the empirical and historical data of religion and such aspects of religion as ritual the religious imagination constructions of tradition iconography or media In addition the formation of religious communities their construction of identity and their relation to society and the wider public are key issues of this series **British Methodist Revivalism and the Eclipse of Ecclesiology** James E. Pedlar,2023-12-01 Revivalism was one of the main causes of division in nineteenth century British Methodism but the role of revivalist theology in these splits has received scant scholarly attention In this book James E Pedlar demonstrates how the revivalist variant of Methodist spirituality and theology empowered its adherents and helped foster new movements even as it undermined the Spirit s work through the structures of the church Beginning with an examination of unresolved issues in John Wesley s ecclesiology Pedlar identifies a trend of increasing marginalisation of the church among revivalists via an examination of three key figures Hugh Bourne 1772 1852 James Caughey 1810 1891 and William Booth 1860 1932 He concludes by examining the more catholic and irenic theology of Samuel Chadwick 1860 1932 the leading Methodist revivalist of the early twentieth century who became a strong advocate of Methodist Union Pedlar shows that these theological differences must be considered alongside social and political factors in any well rounded assessment of the division and eventual reunification of British Methodism **The American metropolis - From Knickerbocker Times to the year 1900** Frank Moss, The author aptly characterizes this work as a series of itineraries by which the reader is made familiar with much of the history of Manhattan Island by being led to the very spots associated with important historical events But this book is much more It is surprising and refreshing to read a defense of the Five Points from the pen of so intelligent a witness We who are deeply interested in New York history thank the author for the facts which he has collected There is a unique arrangement of the interesting instructive and inspiring matter which makes it a literary work of a high order And the book has a distinct purpose the interesting of the people in the history and historic localities of the city and the awakening in them of civic pride and affection *Matawan and Aberdeen* Helen Henderson,Matawan Historical Association,2003-04-30 Established in the late seventeenth century by European settlers the small town agricultural region that became Matawan Borough and Aberdeen Township transformed from a colonial era shipping hub to a bustling center of commerce and manufacturing as well as a summer resort destination The residents ongoing endeavors to preserve the area have fostered the transition into a cherished suburban bedroom community building toward the twenty first century *Public Ledger Almanacs.
