9781473913974      **A Conflict of Principles** Carl Cohen, 2014-11-07 No state shall deny to any person within its jurisdiction the equal protection of the laws So says the Equal Protection Clause of the U S Constitution a document held dear by Carl Cohen a professor of philosophy and longtime champion of civil liberties who has devoted most of his adult life to the University of Michigan So when Cohen discovered after encountering some resistance how his school in its admirable wish to increase minority enrollment was actually practicing a form of racial discrimination calling it affirmative action he found himself at odds with his longtime allies and colleagues in an effort to defend the equal treatment of the races at his university In A Conflict of Principles Cohen tells the story of what happened at Michigan how racial preferences were devised and implemented there and what was at stake in the heated and divisive controversy that ensued He gives voice to the judicious and seldom heard liberal argument against affirmative action in college admission policies In the early 1970s as a member of the Board of Directors of the American Civil Liberties Union Cohen vigorously supported programs devised to encourage the recruitment of minorities in colleges and in private employment But some of these efforts gave deliberate preference to blacks and Hispanics seeking university admission and this Cohen recognized as a form of racism however well meaning In his book he recounts the fortunes of contested affirmative action programs as they made their way through the legal system to the Supreme Court beginning with *DeFunis v Odegaard* 1974 at the University of Washington Law School

then Bakke v Regents of the University of California 1978 at the Medical School on the UC Davis campus and culminating at the University of Michigan in the landmark cases of Grutter v Bollinger and Gratz v Bollinger 2003 He recounts his role in the initiation of the Michigan cases explaining the many arguments against racial preferences in college admissions He presents a principled case for the resultant amendment to the Michigan constitution of which he was a prominent advocate which prohibited preference by race in public employment and public contracting as well as in public education An eminently readable personal consistently fair minded account of the principles and politics that come into play in the struggles over affirmative action A Conflict of Principles is a deeply thoughtful and thought provoking contribution to our national conversation about race

*Advances in Computer, Information, and Systems Sciences, and Engineering* Khaled Elleithy, Tarek Sobh, Ausif Mahmood, Magued Iskander, Mohammad A. Karim, 2007-06-06 The conference proceedings of International Conference on Industrial Electronics Technology not only the reviewing submissions and registration processes but also the actual conference Conference participants authors presenters and attendees only needed an internet connection and sound available on their computers in order to be able to contribute and participate in this international ground breaking conference The on line structure of this high quality event allowed academic professionals and industry participants to contribute work and attend world class technical presentations based on rigorously refereed submissions live without the need for investing significant travel funds or time out of the office Suffice to say that CISSE received submissions from more than 50 countries for whose researchers this opportunity presented a much more affordable dynamic and well planned event to attend and submit their work to versus a classic on the ground conference The CISSE conference audio room provided superb audio even over low speed internet connections the ability to display PowerPoint presentations and cross platform compatibility the conferencing software runs on Windows Mac and any other operating system that supports Java In addition the conferencing system allowed for an unlimited number of participants which in turn granted CISSE the opportunity to allow all participants to attend all presentations as opposed to limiting the number of available seats for each session The implemented conferencing technology starting with the submission review system and ending with the online conferencing capability allowed CISSE to conduct a very high quality fulfilling event for all participants See [www.cissee2005.org](http://www.cissee2005.org) sections
