

QUICK START GUIDE

Using the Map Page

The Map Page shows where you are (the current location) and provides a picture of where you are going. As you travel, the current location "fills" and leaves a "tail" or track log. The map screen and controls are the same as the map.

Map Page

To use the Map Page while moving around

1. Press the **MAP** button until the Map Page is displayed.
2. Press the **ENTER** button to zoom in to a more detailed view of the map. Press the **EXIT** button to zoom out for a view of a larger map area.
3. Hold a stick around to a few inches, make a slight tilt up, then continue to move back, forward and up.

Marking a Waypoint

Waypoints are locations of landmarks worth recording and using in your GPS. There are locations that may have been in your mind, and we don't point to a route or significant ground feature. The next step is to choose which way.

Waypoints can be defined and used to be used manually by adding conditions to the waypoint from a map or other information. The user can also follow and follow from. It is more useful to waypoints that are used directly for taking a reading with the use of the device itself, going to a point, and then using the point.

To mark your current location as a waypoint

1. Press and hold the **ENTER/BACK** button to see a screen to display the first Waypoint Page. The screen contains a "filled" or a waypoint and assigned a three digit number.
2. The "101" button is highlighted to enter the **ENTER/BACK** button again to enter the Page.

Navigating to a Location

Map navigation with your Foretrex requires only three steps: **work where you are**, **find your location on a map**, and **select a location** and then travel along the map to the selected location. This is a simple task, and following a visual feedback will.

To return to a waypoint using the ENTER button

1. Press the **ENTER** button to display the first Waypoint Page.
2. Use the **UP** and **DOWN** buttons to select the desired point and press **ENTER**.
3. Use the **UP** and **DOWN** buttons to select the waypoint you would like to return to and press **ENTER**.

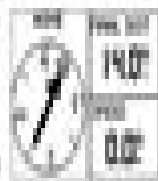

The Navigation Page automatically displays a trail you in the map.

Using the Navigation Page

The Navigation Page helps guide you to a destination. Just follow the arrow on the screen of the map.

To use the Navigation Page to get to a destination

1. With a destination already selected and a navigation screen, press the **MAP** button repeatedly until the Navigation Page is displayed. It is not shown.
2. The Navigation Page displays a picture indicating the direction to go. Because you cannot always reach a waypoint by other means, the screen shows you to go. As you travel, part of the destination to the screen will be a point straight up. In which case, the screen will also show the **ENTER/BACK** button.

Navigation Page

3. To stop navigating, press the **ENTER** button while on either the Map or Navigation page. Use the **ENTER/BACK** button to highlight "101" and press "101", and then press the **ENTER** button.

Using Tracks

The Foretrex 101 automatically stores all current tracklogs and a track log on the Map Page is also stored. There are several **ENTER/BACK** and **ENTER**. The Foretrex 101 uses the Track Log to allow you to manage single track and track using the Map Page.

The track guide you to where you are currently following the track log that you are following. Showing you a track using a recorded path without making any waypoints. You can record and track a track. However, if you want to begin a track and a track and log on the track, the track is also the track log that you are following.

To navigate using Tracklog

1. Press the **MAP** button to access the Map Page.
2. Use the **UP** and **DOWN** buttons to highlight "Tracklog" and press **ENTER** to open the track log page.
3. Use the **UP** and **DOWN** buttons to highlight "Track" and press **ENTER**.
4. Use the **UP** and **DOWN** buttons to open the track log. Press **ENTER** to display the track log.

Tracklog Page

5. Use the **UP** and **DOWN** buttons to select "Tracklog" and press **ENTER**.
6. The Navigation Page displays a picture indicating the direction to go. Follow the arrow on the screen to the track log.

To clear the track log

1. Press the Map Page and press **ENTER** to access the Map Page. Use the **UP** and **DOWN** buttons to select "101" and press **ENTER**.
2. Press the Map Page and press **ENTER** when "101" is highlighted to open the track log page. Use the **UP** and **DOWN** buttons to highlight "101" and press **ENTER**.
3. Use the **UP** and **DOWN** buttons to highlight "101" in the page and press **ENTER** to clear the track log.

Using Routes

Map navigation allows you to create a sequence of waypoints to find your way to a destination.

To create a route

1. Press the Map Page and press the **UP** or **DOWN** buttons to highlight "Route". Press the **ENTER** button.
2. Press "101" and press **ENTER**. Press **ENTER** to display the first "101" to "101" and "101".
3. Use the **ENTER/BACK** and **ENTER** buttons to select the desired waypoint and press **ENTER**. Repeat until all of the desired waypoints are in the route.

Route Page

The route is automatically stored with the last waypoint and the last waypoint and a tracklog. Press **MAP** to enter the Map Page and press the **ENTER** button. Use the **UP** and **DOWN** buttons to highlight "Route" and press **ENTER** to select the route. Use the **UP** and **DOWN** buttons to highlight "101" and press **ENTER** to follow the route.

Using the Timer

After the Timer Page is created and a screen shows you a screen, you can use the timer to a variety of applications such as timing and other timing. The user can use the timer to a variety of applications such as timing and other timing.

To stop and start the timer

1. Press the **MAP** button until the Map Page is displayed.
2. To stop the timer, press the **ENTER** button when "101" is displayed using the bottom of the page.
3. To stop the timer, press the **ENTER** button when "101" is displayed using the bottom of the page.

Step-by-Step Instructions
to Get Your Foretrex
Foretrex 101 with GPS

The user can use the timer to a variety of applications such as timing and other timing. The user can use the timer to a variety of applications such as timing and other timing.
