

QUESTION: Explain the relationship between a child's social background knowledge and their understanding of literacy
ANSWER: When we think about literacy, we often think of the written word, but literacy is also about understanding the world around us.
 literacy is not just about reading and writing, it's also about understanding the world around us.

Phase	Children	Parents	Teachers
Pre-literate	Children are born with a natural curiosity about the world around them.	Parents are the first to introduce children to the world of literacy.	Teachers are the first to introduce children to the world of literacy.
Literate	Children learn to read and write, but they also learn to understand the world around them.	Parents continue to introduce children to the world of literacy.	Teachers continue to introduce children to the world of literacy.
Post-literate	Children learn to read and write, but they also learn to understand the world around them.	Parents continue to introduce children to the world of literacy.	Teachers continue to introduce children to the world of literacy.
