Similes

as humid as a summer bath
as thick as wet fog
as colourful as a splattered rainbow
as damp as dew
as green as an emerald
as dark as a cavern
as dense as a ball of string
as crowded as a city street
as fragrant as a flower market
as noisy as a motorway

Metaphors

The walls of leaves were impenetrable.
A snake rested on a nest of vines.
The smell of flowers was a warm embrace.
Fireflies danced through the night.
The trickle of water was a whisper.
The sea of green spread out below.
Monkey calls floated down through the branches.
The forest floor was a carpet of earth and roots.
The sounds of rain was never ending.
The canopy was a ceiling of moving art.

Metaphor in Educational Discourse Lynne

Cameron, 2003-03-13 Metaphor in Educational Discourse is a superb piece of applied linguistics research that integrates Vygotsky's theory of concepts with current work on metaphor into a coherent framework for investigating how teachers and learners negotiate figurative language in order to promote development in the classroom setting. In what is likely to become the standard for future studies in this area, Lynne Cameron meticulously demonstrates the central role of linguistic metaphors in classroom learning designed to lead learners to a deeper understanding of complex mathematical and scientific concepts. James P. Lantolf, Professor of Applied Linguistics, The Pennsylvania State University. This book reports research into metaphor in use with school students. The setting for the research is a UK school and the participants are around ten years old with their first language well established but still developing concepts and understandings. Close examination of a corpus of classroom spoken discourse reveals how metaphor is employed by their teachers not just in explaining ideas but in managing and mediating the activity of the classroom and the learning of the students. Particular issues discussed include the problems of identifying metaphors in spoken discourse, the conventionalism of metaphors in the discourse of socio-cultural groups and how a socio-cultural approach can account for systematicity in metaphor use.
