Exposing Torture Centuries Of Cruelty Nonfiction Young Adult:

Exposing Torture Hal Marcovitz, 2015-01-01 Torture According to Henry Shue professor of politics and international relations at the University of Oxford in England No other practice except slavery is so universally condemned in law and human convention Yet unlike slavery torture is widespread and growing Why is torture so common Is it an unavoidable component of human psychology Exposing Torture tackles these complex questions delving into the history of torture around the world from the flayings burnings and other methods of torture in ancient societies to the humiliating forms of psychological and sexual torture of the twenty first century But is torture an effective means of controlling human behavior Can it help root out information about terrorism and prevent loss of human life Over the centuries many people have supported the point of view that it can while others vehemently disagree In this book readers will examine the ethical and moral dilemmas of torture while learning more about the international efforts to ensure the humanitarian treatment of individuals in a variety of circumstances Exposing Torture also delves into the system of international courts and tribunals that work to bring known torturers to trial Readers will hear from victims of torture who not only survived but sought justice and founded organizations to help other victims After reading this in depth examination readers will be able to make a persuasive argument to answer the question Is torture ever acceptable

Talking Book Topics, 2016 *Depictions of Children and the Adult's Journey in the Arts* Margarita Georgieva, 2017-11-06 Why do adults write about the child and why do they choose to depict children This book looks at various examples from literature art and film to analyze aspects of adults outlook on the child and what it tells us about the adult It pays special attention to the eye motif as well as looking watching and representing children It outlines what might become an interesting topic of analysis for other studies namely the idea that the adult's journey to self actualization passes through writing for and about children Rather than drawing major conclusions the book opens venues for further thought on the topics treated It also brings together works that might not have been compared or contrasted before so that the reader can acquire a broader view of the threads that connect literature art and film

Is Torture Ever Justified? Tamara L. Roleff, 2011 The viewpoints in Is torture ever justified express some of the current thinking about the ethics morality and legality of torture and enhanced interrogation techniques *Torture* Lila Perl, Erin L. McCoy, 2019 Over the course of human history torture has been used as an instrument of war a means of extracting information and a mode of punishment Many argue that it is a necessary weapon in times of war Others insist that it constitutes cruel and unusual punishment violates human rights laws and fails to extract trustworthy information This book dives into the debate over torture from all sides using examples from recent history as well as sidebars full color photographs and a glossary designed to improve young adults understanding of this controversial topic

The History of Torture Joseph McCabe, 1949 *The History of Torture Throughout the Ages* George Ryley Scott, 2005-11 Ref Cosmo This is an extraordinarily detailed and intriguing treatise on the history and validity of torture through every culture era and continent

in the world From the earliest societies in Greece to modern day usage every aspect of torture is covered in this exhaustive volume Mannix writes about the most unthinkable acts of humankind He covers specific torture devices what they were and how they were used and then often recounts several specific situations when the device was used and what the results were Every society and age has contributed something to the legacy of torture and Mannix leaves nobody out Whether it s the Aztecs who once sacrificed 70 000 people in one event to the Australian penal colonies he not only covers it but also relates the differences and similarities between the devices and methods employed Just some of the groups covered are the Native Americans the Nazis the Europeans throughout every century Africans South Americans the North American colonies the Inquisition modern day police in every major country Asians of every era and dynasty Vikings African American slaves and the witch trials He makes careful notes of when a torture device was reused or modified in some way from society to society
