The data vary on the identity of these respondents, as data sources. Some use the same data source (telephone survey), consistently, around most of the period (like the authors' figures) and others change the data source (figures and surveys) during the study (because there are no data in 1-2 quarters) (Bourdieu and Desrosiers 1999) (like the 3-4 and 5-6 quarters) (Bourdieu).

The results could go a long way toward helping companies determine their best practices for providing safe work environments.
