Financial

Management, 2005 *Financial Statement Analysis* Thomas R. Robinson, Paul Munter, Julia Grant, 2004 Robinson Munter and Grant's *Financial Statement Analysis: A Global Perspective* is designed especially for users of financial statements. Takes a financial statement analysis perspective. The focus is on the user of financial statements and not the preparer of financial statements. The emphasis is on the analysis and use of financial reports. Knowledge of debits and credits is not required. Emphasizes a global perspective by presenting both International Accounting Standards and U.S. GAAP. Uses a step-by-step presentation to take students through the financial statement analysis process from understanding the financial statements to valuation. Motorola and Nokia are used as running case examples throughout the text. Additional real-world examples are integrated into each chapter as appropriate. Assignment Materials: Many of the end-of-chapter problems have been reproduced from AIMR CFA R examination released questions and sample examinations. Each chapter has a case derived from real company financial statements that can be used for class discussion or student projects. **International Business Negotiation** Barry Maude, 2020-04-10 Expertly blending theory and practice, this accessible and up-to-date textbook offers a clear and comprehensive introduction to international business negotiation.
