The Sociology of Work Stephen Edgell,Edward Granter,2019-10-28 Definitive critical and engaging this is a superb introduction to the sociology of work Leo McCann Now in a fully updated third edition The Sociology of Work draws on the work of classic and contemporary theorists to provide readers with a thorough exploration of all aspects of work and employment including paid and unpaid work standard and non standard employment and unemployment The new edition includes Two new chapters on Work Skill and the Labour Process and Managing Culture at Work Expanded coverage of the rise and decline of trade unions emotional labour misbehaviour and resistance at work Further discussion of the gig economy and precarious work automation and the end of work globalization and human rights For Sociology and Business students taking modules in work employment and society

Managerial Control of American Workers Mel van Elteren,2017-03-04 Today surveillance and regulation of employees are pervasive at all levels except the highest in a wide variety of American workplaces Digital information systems have become important tools of managerial control The constraints built into these systems by so called business process reengineering are a continuation of scientific management principles developed during the late 19th century Additional means of control have included employment based welfare capitalism and human relations and corporate culture approaches This book provides fresh insight into various practices of managerial control from the 1880s to the present and their effects on work organization and quality and worker skill requirements The author highlights current developments including those focused on highly skilled knowledge workers accounting for enhanced automation offshoring and related changes in the production and distribution of goods and services

Air Transport and Operations Lori Fischer,David Pérez,Kurt Klein,Jacco Hoekstra,P. Roling,2012-10-15 Air transport must evolve if it is to optimize its value in the 21st century The mood in the aerospace industry is positive with regard to economic recovery but the focus in this transitional time must be on sustaining value without losing sight of environmental and safety priorities This book presents the proceedings of the joint conference held in Delft the Netherlands in June 2012 incorporating the 3rd International Air Transport Operations Symposium ATOS the 3rd Association of Scientific Development

in Air Traffic Management in Europe ASDA Seminar the 6th International Meeting for Aviation Products Support Processes IMAPP and the 2012 Complex World Seminar The conference brought together over 200 participants from industry and academia all of whom share the common goal of improving performance and capacity by advancing the efficiency sustainability and safety of air transport Presentations at the conference were divided equally between academic papers and more applied industry sessions The book includes the majority of academic papers presented at the conference and provides a wide overview of the issues currently of importance in the world of air transport

Cultural Anthropology Raymond Scupin, 2019-12-10 Now with SAGE Publishing Cultural Anthropology A Global Perspective delves into both classic and current research in the field reflecting a commitment to anthropology's holistic and integrative approach This text illuminates how the four core subfields of anthropology biological anthropology archaeology linguistics and cultural anthropology together yield a comprehensive understanding of humanity In examining anthropological research this text often refers to research conducted in other fields sparking the critical imagination that brings the learning process to life The Tenth Edition expands on the book's hallmark three themed approach diversity of human societies similarities that make all humans fundamentally alike and synthetic complementary approach by introducing a new fourth theme addressing psychological essentialism Recognizing the necessity for students to develop an enhanced global awareness more than ever before author Raymond Scupin uses over 30 years of teaching experience to bring readers closer to the theories data and critical thinking skills vital to appreciating the full sweep of the human condition This title is accompanied by a complete teaching and learning package
