Strategic Value Management Juan Pablo Stegmann,2009-09-18 Innovative strategic management
solutions for today s market Strategic Value Management addresses common problems among business managers and other
professionals involved in thinking about developing and managing organizations In it author Juan Pablo Stegmann integrates
all strategic management and business strategy into an innovative standard that introduces key metrics to strategic
management and stock value creation He argues that most complex business issues can be reduced to the three dimensions
of stock value creation profits sales growth and capital that are linked to three critical strategic management decisions
competition innovation and resources His new approach indicates that every strategy has a clear dollar metric which can
measure its consequences of the strategies in terms of stock value Competitive and growth strategies are analyzed along
with economic financial dynamic and contingent approaches Includes a companion CD ROM which contains Stegmann s
proven model for strategic management and stock value creation Ethical consequences of strategic decisions are introduced
showing how ethics are linked to long term stock value creation Explains the roots of the current financial crisis by

examining the link between the financial world and strategic management and proposes possible solutions For any looking to enhance their understanding of this discipline Strategic Value Management offers a new conceptual model for thinking about business strategy and its link to stock value creation
