Charlene Haupt, 2024-07-16 Rodane Arcos is a renowned archaeologist who is about to have the knowledge of a world he s always known and explored upended Most people are unaware that we have had a presence of an alien population going back 250 000 years They have peacefully embedded themselves in our world raised their families and joined with us in every way Their families with their advanced technology and their influence are a part of every culture in most established populations Uncovering this would threaten the very foundation of our facts of human evolution and all existing cultures Even historians scientists and archaeologists cannot agree on a rational explanation for numerous mysteries that still astound us They have continued questioning many of those finds for centuries Rodane s new education now repudiates some of the major findings he has always thought of as humanity s great advances Earth is at a nexus between what man and our world really are and what most people believe they are The results revealed can be catastrophic or healing and beneficial to all Time is now their enemy in some respects because with time comes new revelations new discoveries new questions that

could point a finger at all the anomalies of which historians and archeologists are aware but seek reliable answers Those mysteries continue and those finds are becoming more and more suspect To make matters worse there are those who are renegades from some unsuccessful landings and have been trying for centuries to undo and collect what the others have used to help our world and all its people to move forward There are factions trying to collapse this mixed population expose it and use any means to do so even to the detriment of the entire planet and all living things here He and his family as well as many others are now in danger as long as they cannot find the ones responsible for attempts to undo all the good and bring disasters to the entire earth The danger rises to the highest ranks of government everywhere and all living standards in every culture It could all fall apart in an instant Or it could bring out the best in all mankind

to start over by driving again and getting involved with life A first marriage for Madelyn and a wonderful baby boy three years later still did not help to normalize her situation Her father had been the only stabilizing factor for her since young childhood His diagnosis of cancer in the late 1980s was a huge awakening Life was a complete confusion for Madelyn while she was always wishing she was simply riding a horse her favorite pastime Modern medicines were prescribed for her mom after her last hospital stay and made a great difference In the 1990s Madelyn inherited all of the responsibilities of her mom With her mom s mental condition greatly improving her mom s physical condition began to deteriorate rapidly The number of doctors for her care grew to nine Exhaustion and insomnia took over Madelyn s life but she kept going due to her love for her mother and the kindness of her mom under terrible circumstances The coming years contained many changes but she and her mom always remain together The wait for Jesus had many challenges It was a roller coaster life growing up in a dysfunctional family which never included alcohol drug abuse or physical or mental abuse It was simply one person s personal struggle with a chronic illness which affected the whole family The love of family and the love of animals defeated everything that was bad *Multimedia Project of a Chinese Fantasy - Journey to the West* Yi-Ju (Kay) Chen,2004
