commanded every Christian's attention. Historians and liturgists alike have been fascinated by the Church but deterred from researching it because of the notorious difficulty of access to material. This account of the church's growth and decline draws on archival sources from several countries many not hitherto used for research and publications in German as well as English. Previous accounts in English have focused on the Church in the English speaking world but this book breaks fresh ground by covering the Church's development in every country where it was active. Surveying Catholic Apostolic history, polity and ministry it seeks to tell the story rather than using the Church as a test case for a preconceived hypothesis. In so doing it opens up a range of lines of inquiry for future researchers.

Why do Jews win so many Nobel Prizes and Pulitzer Prizes? Why are Mormons running the business and finance sectors? Why do the children of even impoverished and poorly educated Chinese immigrants excel so remarkably at school? It may be taboo to say it but some cultural groups starkly outperform others. The bestselling husband and wife team Amy Chua author of *Battle Hymn of the Tiger Mother* and Jed Rubenfeld author of *The Interpretation of Murder* reveal the three essential components of success: its hidden spurs, inner dynamics and its potentially damaging costs, showing how ultimately when properly understood and harnessed the Triple Package can put anyone on their chosen path to success.
